Division of Health Systems and Public Health**

**Lecturer: Public Health
(Post Level 8)
(Permanent appointment with benefits)**

REFERENCE: TGB16/154/0521

Stellenbosch University is an inclusive, innovative and future focused institution, a place of discovery and excellence where both staff and students are thought leaders in advancing knowledge in the service of all stakeholders. We are seeking someone who will enhance our position as a leading Medicine and Health Sciences Faculty through teaching, research and service delivery.

The Division of Health Systems and Public Health is located within the Department of Global Health in the Faculty of Medicine and Health Sciences. The Division undertakes a range of undergraduate and postgraduate teaching, research activities and service delivery.

Duties

- Teaching undergraduate and postgraduate students in public health;
- Continuous and summative assessment of students;
- Leading programme renewal activities within the Division;
- Conducting public health research towards increasing the quality and output of research;
- Supervising research in public health;
- Securing funding to support relevant research, training and service;
- Organising CPD activities and seminars;
- Engaging with provincial, national and international stakeholders.

Job Requirements

- Master's degree in Public Health or Epidemiology with at least 3 years relevant experience;
- Expertise and experience in under- and/or postgraduate teaching in Public Health;
- Evidence of research experience including an appropriate publication record in peer reviewed journals, and securing research grants;
- Evidence of experience in mentorship and postgraduate supervision (Master's level);
- Experience in Project Management,
- Sound communication (written and verbal) and networking skills

Recommendations

- PhD or registered for PhD in Public Health or related area;
- Collaboration with leading national research organisations;
- Publications in high impact journals;
- An interdisciplinary approach to problem-solving.
