1. **Webster I**, Huisamen B, Lochner A. Is there a role for MKP-1 in insulin mediated cardioprotection? (International Society of Heart research) ISHR XXI World Congress San Diego, California, June 30-July 4 2013.

3. **Webster I**, C Westcott, C Marincowitz, N Mashele, P De Boever, N Goswami, H Strijdom. Use of flow mediated dilatation to assess endothelial function in a female cohort of mixed race ancestry in Cape Town, South Africa. CSANZ (Cardiovascular Society of Australia and New Zealand) 13-16 August 2015, Melbourne, Australia.

10. **Webster I**, Imperial E, Westcott C, Everson F, Mashele N, Mthethwa E, Goswami N, De Boever P, Nawrot T, Strijdom H. Effect of Aspalathus Linearis (Rooibos) Supplementation on the Heart and Aortas of Male Wistar Rats Exposed to Antiretroviral Therapy (ART) and the Effects of Rooibos Tea
Consumption on the Cardiovascular Risk Profile of Patients on ART. Cardiovascular Society of Australia and New Zealand, Perth, Australia, 10-13 August 2017.

National Conference Presentations

1. Webster I, Huisamen B, Lochner A. Is there a role for MKP-1 in insulin mediated cardioprotection? Academic Year Day, Tygerberg Medical School, 14 August 2013

2. Webster I, Huisamen B, Lochner A. Sanguinarine recirculation during isolated heart perfusion – a Jekyll and Hyde effect? Academic Year Day, Tygerberg Medical School, 14 August 2013

10. Skosana BT, Hattingh SM, Webster I, Lochner A, Du Plessis SS. The proteomics of obesity-induced male infertility. 43rd Annual Conference of the Physiological Society of Southern Africa, 6 – 9 September 2015, Parys, Free State, RSA.

11. Skosana BT, Hattingh SM, Webster I, Lochner A, Du Plessis SS. The proteomics of obesity-induced male infertility. 1st Annual Department of Biomedical Sciences Research Day, 25 November 2015, Stellenbosch University, Tygerberg Campus, RSA
12. E. Imperial, I Webster, H Strijdom, C Westcott. Cardiovascular effects rooibos supplementation, during ART, on male Wistar rats and effects of drinking rooibos tea on the cardiovascular profiles of patients on ART. 44th Annual conference of the Physiology Society of Southern Africa, 28-31 August 2016, The River Club, Cape Town, SA.

PEER REVIEWED PUBLICATIONS:

1. I Webster, Sven O Friedrich, A Lochner, B Huisamen. AMP kinase activation and glut4 translocation in isolated cardiomyocytes. CARDIOVASCULAR JOURNAL OF AFRICA Vol 21, No 2, March/April 2010

8. I Webster, A Smith, A Lochner, B Huisamen. The Role of MKP-1 in Insulin-Induced Cardioprotection. Cardiovascular Drugs and Therapy (2017) May 27.

CONFERENCE PROCEEDING PUBLICATIONS:

2. **Webster I, Huisamen B, Lochner A.** Sanguinarine recirculation during isolated heart perfusion – a Jekyll and Hyde effect? *Journal of Molecular and Cellular Cardiology, Volume 65, Supplement, December 2013, Pages S1–S162, Abstracts from the XXI World Congress of the International Society for Heart Research, June 30-July 4, 2013, San Diego, California, USA*

3. **Webster I, C Westcott, C Marincowitz, N Mashele, P De Boever, N Goswami, H Strijdom.** Use of flow mediated dilatation to assess endothelial function in a femal cohort of mixed race ancestry in Cape Town, South Africa. *Heart, Lung and Circulation Volume 24, Supplement 3, 2015, Pages S131*
