This booklet attempts to provide new researchers in clinical, biomedical and other health-related research fields with succinct information guiding them to suitable research funding opportunities most utilised by staff and students within the Faculty of Medicine and Health Sciences at Stellenbosch University. It is not meant to be a complete or comprehensive reference to all possible sources of funding and potential applicants should study the relevant detailed call guidelines to familiarise themselves with a funding opportunity once they have identified it as potential funding source, bearing in mind that criteria and/or closing dates may be changed by the funder at any point.

# TABLE OF CONTENTS

## 1. LOCAL FUNDING SOURCES

### (FACULTY OF MEDICINE AND HEALTH SCIENCES & STELLENBOSCH UNIVERSITY)

#### 1A. Faculty of Medicine and Health Sciences funding

*Administered through the Research and Internationalisation Development and Support Division (RIDS), Tygerberg campus and available to Faculty of Medicine and Health Sciences (FMHS) staff, including joint staff, postdoctoral fellows and students*

(1) Undergraduate research funding	7
(2) Research assistant funding	8
(3) Temporary research assistance	9
(4) Lecturer replacement funding	10
(5) Postdoctoral fellowships	11
(6) Harry Crossley Foundation research funding	12
(7) Scientific travel & Publication award fund	13
(8) FMHS open access publication fund	15

#### 1B. Faculty of Medicine and Health Sciences funding

*Administered through other FMHS sources*

(9) Statistical consultation support	17
(10) FMHS strategic equipment fund	18

## **1C. Stellenbosch University funding**

*Administered through the Division for Research Development (DRD), Stellenbosch campus*

<b>(11) DRD travel grant: International research travel</b>	<b>19</b>
<b>(12) Africa collaboration grant</b>	<b>20</b>
<b>(13) International collaboration grant</b>	<b>21</b>
<b>(14) Fund for innovation and research into learning and teaching (FIRLT)</b>	<b>22</b>

## **2. NATIONAL FUNDING SOURCES**

<b>(1) Discovery Foundation awards</b>	<b>24</b>
<b>(2) Hamilton Naki clinical scholarships</b>	<b>29</b>
<b>(3) Heart and Stroke Foundation research grants</b>	<b>30</b>
<b>(4) Medical Research Council (MRC)</b>	<b>31</b>

# ***(1) Undergraduate research funding***

---

The Undergraduate Research Fund is a newly established fund in the Faculty of Medicine and Health Sciences (FMHS), dedicated to supporting undergraduate research in the Faculty.

**Eligibility:** Undergraduate and Honours students registered in the FMHS.

## **Awards:**

**Research Project Fund:** Up to R5,000

**Conference Presentation Fund:** Up to R10,000

**Publication Incentive Award:** R10,000

## **Closing dates:**

Research Project Fund: 1 April, 1 November

Conference Presentation Fund: 1 May, 1 October

Publication Incentive Fund: *Ad hoc*

**Enquiries:** Inge Sonn ([ingeks@sun.ac.za](mailto:ingeks@sun.ac.za))

## ***(2) Research assistance funding***

---

The FMHS Research Committee provides co-funding towards a full time contract position for a research assistant to enable a senior FMHS staff member (e.g. a principal investigator, departmental chair, senior academic or senior clinician) to ensure accelerated production of high quality research outputs.

**Eligibility:** Full time FMHS academic/research/clinical staff

**Award:** R120,000 p.a. up to 4 years

**Closing date:** September

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))

### ***(3) Temporary research assistance funding***

---

The FMHS Research Committee provides part-time (temporary) positions for research assistance to enable a senior FMHS staff member (e.g. a principal investigator, departmental chair, senior academic or senior clinician) to fast-track a research project and produce high quality research outputs. The nature of the research assistance may be *e.g. a research assistant, data capturer, field nurse, field worker, translator, etc.*

**Eligibility:** Full time FMHS academic/research/clinical staff

**Award:** R30,000 for 1 year (*hourly rates based on Human Resources guidelines depending on qualifications of appointee*)

**Closing date:** September

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))

## ***(4) Lecturer replacement funding***

---

Lecturer replacement funding is provided by the FMHS Research Committee and aims to fund replacement of a portion of a lecturer's normal teaching responsibilities. This is to allow additional time for the lecturer to dedicate to a research project to fast-track high quality research outputs.

**Eligibility:** Full time FMHS academic staff

**Award:** R5,000 for 1 year (*hourly rates based on Human Resources guidelines depending on qualifications of appointee*)

**Closing date:** March

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))

## ***(5) Postdoctoral fellowships***

---

FMHS Research Committee and other sources: Full time research fellowships for PhD graduates to grow their research experience in pursuit of an academic career.

**Eligibility:** FMHS Research Committee as funding source: Full time FMHS academic or research staff to apply as host to potential postdoctoral fellow and advertise fellowship to recruit a suitable fellow; Postdoctoral fellows should be within 5 years of obtaining a PhD degree

**Award:** From R220,000 p.a. for 2 years

**Closing dates:** Varies (March-September)

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))

<https://www.sun.ac.za/english/research-innovation/Research-Development/postdocs>

## **(6) Harry Crossley Foundation research funding**

Funding for operational costs for research projects in "*medical research related to human health*".

**Eligibility:** FMHS Postdoctoral fellows  
FMHS Doctoral and Masters students (full time or part-time)

**Award:** Up to R100,000 for Postdoctoral fellows; R80,000 for Doctoral, and R40,000 for Masters students (all for 1 year)

Allowable budget items: *Running expenses, field travel, minor equipment, research assistance, publication fees, etc.*

Non-allowable budget items: *Conference travel, some forms of remuneration, e.g. consultancy fees, etc.*

**Closing date:** 1 October

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))

**#1 option for  
PhD &  
Masters  
projects**

## **(7) Scientific travel & Publication award fund**

### **Scientific Travel**

Funding support for National OR International conference participation OR short International research visit (<2 months).

**Eligibility:** FMHS academic/research staff, postdoctoral fellows, postgraduate students (Honours, Masters, Doctoral); preference given to presenters (poster or oral presentation)

**NOTE:** *Abstract acceptance is not required when applying.*

**Award:** Up to R20,000 p.a. (International conference / Research visit)  
Up to R7,000 p.a. (National conference)

**Closing dates:**

**1 March** (for travel between 1 April and 31 August)

**1 July** (for travel between 1 August and 31 December)

**1 November** (for travel between 1 December and 30 April)

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))

## Eligibility:

- First-author FMHS academic/research staff  
*(qualifying as new researcher, having <10 publications to date)*
- FMHS Postdoctoral fellow, first author
- FMHS Postgraduate student, first author *(Honours, Masters, Doctoral)*
- FMHS Primary supervisor *(student to be first author)*
- Publication must be in an accredited journal and qualify for subsidy  
*(eg. original research article / review article)*

***NOTE: An article should be published OR proof of acceptance should be submitted with a copy of the accepted paper.***

**Award:** R5,000 (First-author publication)  
*(paid into research cost centre for staff;  
paid into active student account for students)*  
R2,000 (Supervisor)

**Closing dates:** 1 March, 1 July, 1 November

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))

## ***(8) FMHS open access publication fund (FMHS-OAF)***

---

The FMHS-OAF provides financial support towards article processing charges (APC) of research publications in peer-reviewed Department of Higher Education and Training (DHET)-accredited open access or hybrid journals.

**Eligibility:** FMHS early-career staff (obtained PhD within 5 years, or medical specialist qualification, e.g. MMed / CMSA within 10 years), postdoctoral fellows, and postgraduate students, as first author, who do not have dedicated grant funding towards APC

**Award:** Up to R30,000, supporting 100% of the APC for the prorated FMHS-affiliated authors, pending the availability of funding

**Closing date:** *Ad hoc* applications, any time of the year

**Enquiries:** Tania Brodovcky ([taniab@sun.ac.za](mailto:taniab@sun.ac.za))

## ***(10) FMHS strategic equipment fund***

---

*(administered through FMHS Business Management)*

A specific amount may be made available annually for the purchase of equipment or computer equipment that meet at least one of the following qualifying criteria and are strongly motivated for:

- (1) equipment should increase undergraduate student output and/or;
- (2) equipment should increase postgraduate student outputs and/or;
- (3) equipment should stimulate research and increase research publication outputs.

**Eligibility:** FMHS academic/research staff

**Award:** Varies, depending on availability of funding

**Closing date:** February

**Enquiries:** Steveland Louis ([steveland@sun.ac.za](mailto:steveland@sun.ac.za))  
or your Head of Division / Department

## ***(11) DRD travel grant: International research travel***

---

For (1) international conferences, (2) research visits abroad OR  
(3) hosting visiting researchers abroad at SU.

**Eligibility:** Full-time (permanent or contract) SU academic staff

**Award:** Up to R17,000 (for visits <3 months)  
*but not more than 50% total budget*

**Closing dates:**

**March** (for travel between 1 April and 30 September)

**July** (for travel between 1 September and 1 May)

## **(7) Cancer Association of South Africa (CANSA)**

### **Field supported: CANCER RESEARCH**

#### **Type A Research priority areas:**

- Epidemiology and determinants of the burden of cancer in South African populations and interventions to address these
- Health-seeking behaviours and early detection and diagnosis of cancer
- Health-seeking behaviours to improve early detection, diagnosis, and interventions to reduce cancer risk
- Optimal patient care including rehabilitation and palliative care services
- Optimal patient care including clinical care, rehabilitation, and palliation
- Health services and health systems strengthening, including research relating to pathways to cancer care
- Health economics of cancer, including the economic burden of cancer, its risk factors, and cost-effectiveness research
- Research relating to cancer biology/biochemistry/molecular biology as these relate to risk reduction, early detection, and both definitive and supportive patient care

**Eligibility:** RSA citizens / permanent residents; have research track record; PhD qualification preferable

**Award:** Up to R1,000,000 p.a. for up to 3 years (*running costs; travel; minor equipment; consultation; research assistance*)

# The Grants Management Office (GMO)

**Are you intending to apply for an international grant?**

**Contact the GRANTS MANAGEMENT OFFICE (GMO) as soon as possible & inform them about your intent when you start working on a proposal of more than **R500,000** OR in any **foreign currency**!**

***How will the GMO assist you?***

- Assist the PI during the proposal writing phase with compliance issues and compiling a budget according to the funder's guidelines;
- They are a university-registered entity who must submit the PI's application with SU as legal entity;
- See to contractual issues and funder negotiations on PI's behalf (and ensure that the necessary sign-offs occur);
- Ensure the necessary financial reports and audits during the life cycle of the grant; and
- Assist the PI with the financial management of the grant

# ***(1) National Research Foundation (NRF) bi- and trilateral agreements***

---

Collaborative cooperation and mobility grants between South Africa and another country with combined proposal by PI from each of the countries, eg.

SA-Sweden

SA-Oman

SA-France

SA-Kenya

SA-Germany

SA-Japan

SA-Brazil

SA-Mozambique

SA-Netherlands

SA-Belgium

SA-Hungary

SA-China, *etc.*

*Network*

**Eligibility:** PhD-qualified, jointly submitted with PI from each participating country

**Closing dates:** Varies (depending on governmental agreements)

**Enquiries:** Dominique Meyer ([dominiquem@sun.ac.za](mailto:dominiquem@sun.ac.za))

***Program announcements*** (PA) or ***Requests for applications*** (RFA) are posted by the NIH (<http://grants.nih.gov/grants/guide>) and many are open to researchers from SA universities to apply to. Searching efficiently requires some skill, as different funding mechanisms exist of which only some are accessible to SA researchers. The R01 mechanism is one of the most popular and successful mechanism at the FMHS.

**R01, R25  
and more!**

**Awards:** US\$ 20,000 – 10,000,000 per project or subcontract, typically 3 – 5 years (*salaries, consultants, equipment, alterations & renovations, publications, travel, etc.*)
