Funding opportunities in Health Research

10th Edition
March 2022

Faculty of Medicine and Health Sciences
This booklet attempts to provide new researchers in clinical, biomedical and other health-related research fields with succinct information guiding them to suitable research funding opportunities most commonly utilised by staff and students within the Faculty of Medicine and Health Sciences at Stellenbosch University. It is not meant to be a complete or comprehensive reference to all possible sources of funding and potential applicants should study the relevant detailed call guidelines to familiarise themselves with a funding opportunity once they have identified it as potential funding source, bearing in mind that criteria and/or closing dates may be changed by the funder at any point.

The development of this publication has been sponsored by HRSA/PEPFAR as part of the Stellenbosch University Medical Education Partnership Initiative (SURMEPI) award T84HA21652.

1C. Stellenbosch University funding

Administered through the Division for Research Development (DRD), Stellenbosch campus

(11) DRD travel grant: International research travel 19
(12) Africa collaboration grant 20
(13) BRICS collaboration grant 21
(14) Fund for innovation and research into learning and teaching (FIRLT) 22

2. NATIONAL FUNDING SOURCES

(1) Discovery Foundation awards 24
(2) Life Healthcare scholarships for subspecialty training 30
(3) Hamilton Naki clinical scholarships 31
(4) Heart and Stroke Foundation research grants 32
(5) Medical Research Council (MRC) 33
(6) National Research Foundation (NRF) 38
(7) Poliomyelitis Research Foundation (PRF) 40
(8) Cancer Association of South Africa (CANSA) 41
(9) National Health Laboratory Services (NHLS) Research Trust 42
3. INTERNATIONAL FUNDING SOURCES

The Research Grants Management Office (RGMO)

(1) National Research Foundation (NRF) bi- and trilateral agreements
(2) National Institutes of Health (NIH)
(3) Wellcome Trust
(4) European & Developing Countries Clinical Trials Partnership (EDCTP)
(5) Bill & Melinda Gates Foundation
(6) Horizon Europe

4. WHERE CAN YOU FIND OUT MORE ABOUT RESEARCH FUNDING OPPORTUNITIES?

To visit the Funding booklet content and current open funding calls online, access it at: www.sun.ac.za/RDSfunding
LOCAL FUNDING SOURCES

A. FACULTY OF MEDICINE AND HEALTH SCIENCES (RDSD)

(1) Undergraduate research funding
(2) Research assistant funding
(3) Temporary research assistance funding
(4) Lecturer replacement funding
(5) Postdoctoral fellowships
(6) Harry Crossley Foundation research funding
(7) Scientific travel & Publication incentive fund
(8) Publication incentive fund: Special Support Scheme
(1) Undergraduate research funding

The Undergraduate Research Fund is a newly established fund in the Faculty of Medicine and Health Sciences (FMHS), dedicated to supporting undergraduate research in the Faculty.

**Eligibility:** Undergraduate students registered in the FMHS.

**Awards:**
- **Research Project Fund:** Up to R5,000
- **Conference Presentation Fund:** Up to R10,000
- **Publication Incentive Award:** R10,000

**Closing dates:**
- Research Project Fund: 1 April, 1 November
- Conference Presentation Fund: 1 May, 1 October
- Publication Incentive Fund: *Ad hoc*

**Enquiries:** Debbie Marais ([debbiem@sun.ac.za](mailto:debbiem@sun.ac.za))
(2) **Research assistant funding**

Subcommittee C provides co-funding towards a full time contract position for a research assistant to enable a senior FMHS staff member (e.g. a principal investigator, departmental chair, senior academic or senior clinician) to ensure accelerated production of high quality research outputs.

**Eligibility:** Full time FMHS academic/research/clinical staff

**Award:** R100,000 p.a. up to 4 years

**Closing date:** September

**Enquiries:** Vusi April (vpa@sun.ac.za)
Subcommittee C provides part-time (temporary) positions for research assistance to enable a senior FMHS staff member (e.g. a principal investigator, departmental chair, senior academic or senior clinician) to fast-track a research project and produce high quality research outputs. The nature of the research assistance may be *e.g. a research assistant, data capturer, field nurse, field worker, translator*, etc.

**Eligibility:** Full time FMHS academic/research/clinical staff

**Award:** R30,000 for 1 year (*hourly rates based on Human Resources guidelines depending on qualifications of appointee*)

**Closing date:** September

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))
Lecturer replacement funding is provided by Subcommittee C and aims to fund replacement of a portion of a lecturer’s normal teaching responsibilities. This is to allow additional time for the lecturer to dedicate to a research project to fast-track high quality research outputs.

**Eligibility:** Full time FMHS academic staff in the Allied Health Sciences (Occupational Therapy, Physiotherapy, Human Nutrition, Speech-Language and Hearing Therapy, Rehabilitation Studies)

**Award:** R5,000 for 1 year *(hourly rates based on Human Resources guidelines depending on qualifications of appointee)*

**Closing date:** March

**Enquiries:** Tashwell de Wet *(tashwell@sun.ac.za)*
(5) Postdoctoral fellowships

Subcommittee C and other sources: Full time research fellowships for PhD graduates to grow their research experience in pursuit of an academic career.

**Eligibility:** Subcommittee C: Full time FMHS academic or research staff to apply as host to potential postdoctoral fellow and advertise fellowship to recruit a suitable fellow; Postdoctoral fellows should be within 5 years of obtaining a PhD degree

**Award:** From R200,000 p.a. for 2 years

**Closing dates:** Varies (March-September)

**Enquiries:** Tashwell de Wet ([tashwell@sun.ac.za](mailto:tashwell@sun.ac.za))

[https://www.sun.ac.za/english/research-innovation/Research-Development/postdocs](https://www.sun.ac.za/english/research-innovation/Research-Development/postdocs)
Funding for operational costs for research projects in "medical research related to human health".

**Eligibility:** FMHS Postdoctoral fellows  
FMHS Doctoral and Masters students (full time or part-time)

**Award:** R100,000 for Postdoctoral fellows; R80,000 for Doctoral, and R40,000 for Masters students (all for 1 year)

*Allowable budget items:* Running expenses, field travel, minor equipment, research assistance, publication fees, etc.  
*Non-allowable budget items:* Conference travel, some forms of remuneration, e.g. consultancy fees, etc.

**Closing date:** 30 September

**Enquiries:** Tashwell de Wet (tashwell@sun.ac.za)
Funding support for National OR International conference participation OR short International research visit (<2 months).

**Eligibility:** FMHS academic/research staff, postdoctoral fellows, postgraduate students (Honours, Masters, Doctoral); preference given to presenters (poster or oral presentation)

*NOTE: Abstract acceptance is not required when applying.*

**Award:** Up to R15,000 p.a. (International conference / Research visit)
Up to R5,000 p.a. (National conference)

**Closing dates:**
- **1 March** (for travel between 1 April and 31 August)
- **1 July** (for travel between 1 August and 31 December)
- **1 November** (for travel between 1 December and 30 April)

**Enquiries:** Tashwell de Wet (tashwell@sun.ac.za)
Eligibility:
- First-author FMHS academic/research staff
  (qualifying as new researcher, having <10 publications to date)
- FMHS Postdoctoral fellow, first author
- FMHS Postgraduate student, first author (Honours, Masters, Doctoral)
- FMHS Primary supervisor (student to be first author)
- Publication must be in an accredited journal and qualify for subsidy
  (eg. original research article / review article)

NOTE: An article should be published OR proof of acceptance should be
submitted with a copy of the accepted paper.

Award: R5,000 (First-author publication)
(paid into research cost centre for staff;
paid into active student account for students)
R2,000 (Supervisor)

Closing dates: 1 March, 1 July, 1 November

Enquiries: Tashwell de Wet (tashwell@sun.ac.za)
(8) Publication incentive fund: Special support scheme

A fixed fee per publication unit (PU) is annually transferred to a division or unit based on author affiliation as part of the Special support scheme (also known as the SSS or SOS fund).

**Eligibility:** FMHS and FMHS-associated staff, postdoctoral fellows, postgraduate students publishing subsidy-bearing research outputs (e.g. books, book chapters, research articles, conference proceedings)

**Award:** R8,000 per PU, automatically transferred to relevant divisional S-cost centre each year; no application process

To be used in support of research, see “Special support scheme Policy”

LOCAL FUNDING SOURCES

B. FACULTY OF MEDICINE AND HEALTH SCIENCES (OTHER)

(9) Statistical consultation support
(10) FMHS strategic equipment fund

C. STELLENBOSCH UNIVERSITY

(11) DRD travel grant: Research visits incoming or outgoing
(12) Africa collaboration grant
(13) BRICS collaboration grant
(14) Fund for innovation and research into learning and teaching (FIRLT)
(9) **Statistical consultation support**

Biostatistics Unit & Clinic, FMHS

**Eligibility:** Postdoctoral fellows & postgraduate students not having funding support for statistical consultation through a research grant

*Researchers are not eligible for subsidised biostatistical support and will be invoiced to use the service. They should budget for statistical consultation fees through their research grant applications.*

**Award:** A subsidised rate per hour is paid for the services of the biostatisticians from a special faculty fund for postdoctoral fellows and students requiring statistical services

**Enquiries:** Liesel Floor ([lieselfloor@sun.ac.za](mailto:lieselfloor@sun.ac.za))

**Book an appointment:**
(10) **FMHS strategic equipment fund**

(administered through Business Management, FMHS)

A specific amount may be made available annually for the purchase of equipment that meet at least one of the following qualifying criteria and are strongly motivated for:

(1) equipment should increase undergraduate student output and/or;
(2) equipment should increase postgraduate student outputs and/or;
(3) equipment should stimulate research and increase research publication outputs.

**Eligibility:** FMHS academic/research staff

**Award:** Varies, depending on availability of funding

**Closing date:** February

**Enquiries:** Stefan Engelbrecht ([stefans@sun.ac.za](mailto:stefans@sun.ac.za)) or your Head of Division / Department
(11) **DRD travel grant: International research travel**

For **international conferences, research visits abroad OR hosting senior international researchers** at SU.

**Eligibility:** Full-time (permanent or contract) SU academic staff, postdoctoral fellows

**Award:** Up to R17,000 (for visits <3 months) *but not more than 50% total budget*

**Closing dates:**
- **March** (for travel between 1 April and 30 July)
- **July** (for travel between 1 August and 30 March)

**Enquiries:** Dominique Meyer ([dominiquem@sun.ac.za](mailto:dominiquem@sun.ac.za))
(12) Africa collaboration grant

(administered through Stellenbosch University International, SUI, Stellenbosch campus)

For (1)* jointly organising a workshop or conference with an African country bilateral partner, or (2)* a research visit to and from one or more African countries, or (3)* a Postdoctoral fellows grant – visit to one or more African countries, or (4)* a conference grant to attend a conference on the African continent, or (5)* host postgraduate students from another African country.

Eligibility: *Full-time SU staff, #postdoctoral fellows, £postgraduate students (see above categories)

Award: (1) R80,000; (2) R30,000; (3) R30,000; (4) R20,000

Closing dates: April, October (TBC)

Enquiries: Sue-Vicky Brandt (brandt@sun.ac.za), Norma Derby (nderby@sun.ac.za), Nico Elema (nicoelema@sun.ac.za)
(13) **BRICS collaboration grant**

(administered through Stellenbosch University International, SUI, Stellenbosch campus)

For (1) an exploratory visit for potential collaboration with a BRICS country, or (2) a research visit to one or more institutions in BRICS countries, or (3) to host a research visitor(s) from one or more BRICS countries.

**Eligibility:** Full-time SU staff (permanent or contract)

**Award:**
1. R30,000 – R45,000;
2. R30,000 – R45,000;
3. R20,000 – R40,000

**Closing dates:** May, November (TBC)

**Enquiries:** Lidia du Plessis ([lidia@sun.ac.za](mailto:lidia@sun.ac.za))
(14) Fund for innovation and research into learning and teaching (FIRLT)

(administered through the Centre for Teaching and Learning (CTL), Stellenbosch campus)

Research on teaching and learning at SU:
- innovate & evaluate effective practices and processes;
- investigate teaching & learning problems, solutions and trends;
  with the aim to improve the quality of teaching & learning at SU.

Eligibility: SU academic/research staff, SU support staff

Award: R50,000 for 1 year

Closing dates: June, November

Enquiries: Gerda Dullaart (finlo@sun.ac.za)

NATIONAL FUNDING SOURCES

(1) Discovery Foundation awards
(2) Life Healthcare scholarships for subspecialty training
(3) Hamilton Naki clinical scholarships
(4) Heart and Stroke Foundation research grants
(5) South African Medical Research Council (MRC)
(6) National Research Foundation (NRF)
(7) Poliomyelitis Research Foundation (PRF)
(8) Cancer Association of South Africa (CANSA)
(9) National Health Laboratory Services (NHLS) Research Trust
(1) Discovery Foundation awards

A. Discovery Foundation Academic Fellowship Award

Eligibility & awards: Individual awards
RSA citizens / permanent residents
Clinicians / newly qualified medical specialists

- Research-focussed training in academic medicine in South Africa
- Developing ‘clinician scientists’
  - Clinicians (preferably specialists) embarking on a Masters by dissertation, MPhil, MSc (*running costs / salary up to R600,000*)
  - Clinicians (preferably specialists) embarking on a PhD (*running costs / salary up to R800,000*)

Closing date: September

Enquiries: Tania Brodovcky (taniab@sun.ac.za)
(1) Discovery Foundation awards

B. Discovery Foundation Sub-specialist Award

Eligibility: Institutional award
RSA citizens / permanent residents
• Towards the salary of trainees in existing and HPCSA-accredited sub-specialist training programmes
• Preferably applicants who have already been identified by a host institution as a fellow eligible for sub-specialist training

Award: Up to R2,200,000 over 2 years

Closing date: September

Enquiries: Tania Brodovcky (taniab@sun.ac.za)
C. **Discovery Foundation Awards for healthcare in rural and underserved areas**

1. Individual awards
2. Institutional awards
3. Distinguished visitor awards

**C1. Individual awards**

**Eligibility & award:**
RSA citizens / permanent residents:

- Family Medicine registrars and registrars in relevant fields *(up to R25,000 for research-related costs and research travel)*
- Senior medical doctors/specialists or Family Medicine specialists in rural medicine >5 years *(R250,000 – R500,000 for 3-6 month sabbatical leave with academic focus)*

**Closing date:** October

**Enquiries:** Tania Brodovcky (taniab@sun.ac.za)
C. **Discovery Foundation Awards for healthcare in rural and underserved areas**

1. Individual awards
2. Institutional awards
3. Distinguished visitor awards

C2. **Institutional awards**

**Eligibility:** For facilities in rural areas to improve quality and delivery of healthcare through capacity building

**Award:** R250,000 – R500,000 over one year

**Closing date:** October

**Enquiries:** Tania Brodovcky ([taniab@sun.ac.za](mailto:taniab@sun.ac.za))
(1) Discovery Foundation awards

C. Discovery Foundation Awards for healthcare in rural and underserved areas

1. Individual awards
2. Institutional awards
3. Distinguished visitor awards

C3. Distinguished visitor awards

Eligibility: For current or retired senior clinicians (not required to be SA citizens) to contribute towards improving rural health through knowledge & skills transfer

Award: R250,000 to cover salary, travel & accommodation over several months

Closing date: October

Enquiries: Tania Brodovcky (taniab@sun.ac.za)
D. Discovery Foundation Excellence Award

Eligibility:
• RSA citizens / permanent residents
• Be based in and operate in South Africa
• Boost healthcare resources by recognising an organisation that shows excellence in education, service delivery, training and innovation
• Have operated for two years and have a proven track record
• Quantify the impact of their work as far as possible

Award: Up to R1,000,000

Closing date: October (if call is made available)

Enquiries: Tania Brodovcky (taniab@sun.ac.za)
Life Healthcare scholarships for subspecialty training

(administered by the Colleges of Medicine of South Africa)

Life Healthcare has made funding available to support subspecialist training in South Africa, especially for subspecialist trainees in accredited units which do not have funded posts.

**Eligibility:** Subspecialist trainees with a specialist registration with the Health Professions Council of South Africa (HPCSA) who intend to stay within the public sector following training

**Award:** Funding at the first level of a specialist appointment plus overtime for a period of 2 years

**Closing date:** October

**Enquiries:** scholarships@colmedsa.co.za
(3) Hamilton Naki clinical scholarships

The Hamilton Naki clinical scholarship scheme is committed to the development of academic healthcare in South Africa by funding clinical specialists or subspecialists for full time doctoral or postdoctoral research, to be conducted in South Africa or abroad.

**Eligibility:** South African citizens; registered with the HPCSA as a medical specialist or subspecialist; committed to work in South Africa for a minimum period of 3 years following the end of the funding period

**Award:** Varies (salary-replacement scholarship), for 3 years

**Closing date:** June

**Enquiries:** Rachel Persent ([Rachel.Persent@netcare.co.za](mailto:Rachel.Persent@netcare.co.za))
Heart and Stroke Foundation research grants

The Heart and Stroke Foundation of South Africa launched a research fund to support innovative research projects with strong clinical and epidemiological impact, health risk assessment, factors influencing heart disease and stroke onset, behavioural risk factors, disease burden, etc. within the South African context (see [www.heartfoundation.co.za](http://www.heartfoundation.co.za) for specific research focus areas).

**Eligibility**: Established and mid-/early-career researchers, including postdoctoral fellows and PhD students. Masters students may apply provided an established researcher is a co-applicant. Non-South Africans may apply provided they work or are registered at a SA university and have a SA co-applicant.

**Award**: Up to R300,000 per project for 2 years

**Closing dates**: September (brief proposal)  
November (full proposal upon invitation)

**Enquiries**: Bianca Snyders ([bianca.snyders@heartfoundation.co.za](mailto:bianca.snyders@heartfoundation.co.za))
**MRC clinician researcher programme**

To strengthen clinical research by encouraging clinician researchers to obtain PhD degrees.

**Eligibility:** RSA citizens / permanent residents; health professionals who hold at least a MB,ChB degree; registered for full time PhD degree at Stellenbosch University; conducting clinical research

**Award:** ±R500,000 p.a. for up to 3 years *(as salary-replacement scholarship to do full time research)*

**Closing date:** TBA

**Enquiries:** Tania Brodovcky *(taniab@sun.ac.za)*

http://www.mrc.ac.za/
Bongani Myosi National Health Scholars Programme (NHSP)

To strengthen clinical research by encouraging clinician and Allied Health researchers to obtain Masters & PhD degrees.

Eligibility: RSA citizens / permanent residents; health professionals, including Allied Health; registered for full time PhD degree at Stellenbosch University; conducting clinical research

Award: Up to R500,000 p.a. for up to 3 years; DoH salary scales (as salary replacement scholarship to do full time research)

Closing date: TBA

Enquiries: Tania Brodovcky (taniab@sun.ac.za)

http://www.mrc.ac.za/
MRC Early Investigators Programme (EIP)

To support career development of early postdoctoral scientists.

Eligibility: RSA citizens / permanent residents; permanently employed or on long-term contract at an academic institution; health/medical research PhD with 4 years postdoctoral experience, or PhD with 2 years postdoctoral experience for clinician-scientists

Award: Up to R500,000 for up to 5 years

Closing date: TBA

Enquiries: Tania Brodovcky (taniab@sun.ac.za)

http://www.mrc.ac.za/
MRC self-initiated research (SIR) grant

For self-initiated research projects within the MRC research funding priorities, with a strong component of capacity development.

Eligibility – 2 categories:
(1) Early-stage investigators: RSA citizens / permanent residents; permanent / contract staff; MB,ChB, BDS, BChD or PhD with 1 – 5 years research experience beyond that (PG students not eligible)
(2) Mid-level and established researchers: RSA citizens / permanent residents; permanent / contract staff; MB,ChB or post-graduate degree with >5 years research experience beyond that, including being study coordinator or principal investigator on at least 3 studies

Award: Up to R200,000 p.a. for up to 3 years (running costs; travel; minor equipment; research assistance)

Closing date: Annually (±June – October)

http://www.mrc.ac.za/
MRC SIR grant research funding priorities

- Digital Health innovations to support appropriate antibiotic use
- Understanding the influence of social interaction, community structures, and the human relationships within health systems on the transmission of and response to Tuberculosis
- Understanding the social, psychological and ethical issues around HIV cure research
- Human Papillomavirus (HPV) vaccine: understanding use, immune responses in younger children and enhancing uptake
- Understanding and treatment of pancreatic cancer
- The effects of climate change on human health
- Advancing paediatric health care delivery in the context of National Health Insurance and Universal Health Coverage
- Epidemiology of dementias and the provision of care for people living with these conditions
- Respectful maternity care: The impact of interpersonal aspects of care on maternal and infant outcomes, and interventions to promote more respectful care
- Understanding and promoting access to termination of pregnancy services and use of medical methods for second trimester terminations
- The treatment and prevention of injuries not resulting from interpersonal violence
- Quantifying the risk of exposure to interpersonal violence being perpetrated against people with disabilities and the prevention of such violence
- Research on neglected infectious diseases (excluding HIV and TB)
- The effects of air pollution on acute and chronic respiratory disease, and the economic and other impact on health services
- Rare genetic disorders in South Africa

Enquiries: Maléne Fouché (mfouche@sun.ac.za)
Shannon Faro (sbrooks@sun.ac.za)
The NRF offers a large variety of research funding opportunities, with some of these are listed below:

- **Thuthuka grant** (see next page) for early-career researchers
- **Black Academics Advancement Programme (BAAP)**
- **Competitive support for unrated researchers (CSUR)**
- **Competitive support for rated researchers (CSRR)**
- **Support for Y-rated researchers**
- **Knowledge interchange & collaboration (KIC) travel grants**
- **National Equipment Programme (NEP)**
- **Indigenous knowledge systems (IKS) grants, etc.**

More information: [http://www.nrf.ac.za/](http://www.nrf.ac.za/)
NRF Thuthuka grant

For research projects incorporating capacity development within one of the following tracks:
1. **PhD track** (purpose to obtain PhD during funding period)
2. **Post-PhD track** (PhD-qualified individual seeking to become established researcher, within 5 years of obtaining PhD degree)
3. **NRF rating track** (PhD-qualified individual to apply for NRF rating within 6 years, but only if there was a lack of an enabling environment)

**Eligibility:** SU full time permanent / contract staff; RSA citizens / permanent residents

**Award:** Around R150,000 p.a. for up to 3 years (*running costs; travel; minor equipment; research assistance; etc.*)

**Closing date:** March

**Enquiries:** Dominique Meyer ([dominiquem@sun.ac.za](mailto:dominiquem@sun.ac.za))
Field, mechanisms & awards: MEDICAL VIROLOGY

Eligibility: RSA citizens / permanent residents; have a research track record (PhD/MSc-qualified)

Awards:
- Research grants* (up to R150,000 for running costs)
- Major impact project (MIP) grants* (up to R500,000 p.a. for up to 3 years for running costs)
- Bursaries**
  - PhD; MSc; Honours
- Postdoctoral fellowships**
- Travel grants**

Closing dates: *February, **February and September

Enquiries: Tania Brodovcky (taniab@sun.ac.za)

http://www.prf.ac.za/
Field supported: CANCER RESEARCH

Research priority areas:
- Epidemiology and determinants of the burden of cancer in South African populations
- Health seeking behaviours and early detection and diagnosis of cancer
- Health promotion and risk reduction of cancer, with a particular focus on behavioural risk reduction
- Optimal patient care including rehabilitation and palliative care services
- Other health services and health system research relating to the above categories
- Research relating to cancer biology/biochemistry/molecular biology as these relate to early detection, risk reduction and patient care

Eligibility: RSA citizens / permanent residents; have research track record but PhD not a requirement

Award: Up to R1,000,000 p.a. for up to 3 years (running costs; travel; minor equipment; consultation; research assistance)

Closing date: Letter of interest: March; Full proposal: September

Enquiries: Shannon Faro (sbrooks@sun.ac.za)
Landiwe Daka / Audrey Erasmus (landiwe / audreyerasmus@sun.ac.za)
http://www.cansa.org.za

No call in 2022
Field supported: MEDICAL PATHOLOGY

Anatomical pathology; Chemical pathology; Haematology; Microbiology (Bacteriology/Immunology/Mycology/Parasitology/Virology); Oral pathology; Human genetics (only if the department is within a School of Pathology); Forensic medicine/pathology

Eligibility: RSA citizens / permanent residents within these fields; FCPath-, MMed/MSc- or MD/PhD-qualified

Awards:
Research awards*: up to R500,000 in total for 3 years (for running costs; travel; minor equipment; placement support; research assistance; salaries; bursaries)
Development grants**: up to R100,000 in total for 2 years (for consumable costs)

Closing dates: March*; Ad hoc, any time of year** (TBC)

Enquiries: Tania Brodovcky (taniab@sun.ac.za)
INTERNATIONAL FUNDING SOURCES

The Research Grants Management Office (RGMO)

(1) National Research Foundation (NRF) bi- and trilateral agreements

(2) National Institutes of Health (NIH)

(3) Wellcome Trust

(4) European & Developing Countries Clinical Trials Partnership (EDCTP)

(5) Bill & Melinda Gates Foundation

(6) European Union Horizon 2020 (H2020)
The Grants Management Office (GMO)

Are you intending to apply for an international grant?

Contact the GRANTS MANAGEMENT OFFICE (GMO) as soon as possible & inform them about your intent when you start working on a proposal of more than **R500,000 p.a. OR in any foreign currency!**

How will the GMO assist you?

- Assist the PI during the proposal writing phase with compliance issues and compiling a budget according to the funder’s guidelines;
- They are a university-registered entity who must submit the PI’s application with SU as legal entity;
- See to contractual issues and funder negotiations on PI’s behalf (and ensure that the necessary sign-offs occur);
- Ensure the necessary financial reports and audits during the life cycle of the grant; and
- Assist the PI with the financial management of the grant

Enquiries: Eugene Baugaard (eugeneb@sun.ac.za)
(1) National Research Foundation (NRF) bi- and trilateral agreements

Collaborative cooperation and mobility grants between South Africa and another country with combined proposal by PI from each of the countries, eg.

SA-Sweden       SA-Oman        SA-France
SA-Kenya        SA-Germany     SA-Japan
SA-Brazil       SA-Mozambique   SA-Netherlands
SA-Belgium      SA-Hungary     SA-China, etc.

**Eligibility:** PhD-qualified, jointly submitted with PI from each participating country

**Closing dates:** Varies (depending on governmental agreements)

**Enquiries:** Venita January (venita@sun.ac.za)
Program announcements (PA) or Requests for applications (RFA) are posted by the NIH (http://grants.nih.gov/grants/guide) and many are open to researchers from SA universities to apply to. Searching efficiently requires some skill, as different funding mechanisms exist of which only some are accessible to SA researchers. The R01 mechanism is one of the most popular and successful mechanism at the FMHS.

Awards: US$ 20,000 – 10,000,000 per project or subcontract, typically 3 – 5 years (salaries, consultants, equipment, alterations & renovations, publications, travel, etc.)

Enquiries: Christa de Vries Coetsee (cdevries@sun.ac.za) Eugene Baugaard (eugeneb@sun.ac.za)

http://www.nih.gov/
Funding areas for discovery research:

- Biomedical science
- Population health
- Product development and applied research
- Humanities and social science
- Public engagement and creative industries
- Education

Support schemes apply to:

- Early-career researchers, Mid-career researchers & Established researchers

Enquiries: Eugene Baugaard (eugeneb@sun.ac.za)

Maléne Fouché (mfouche@sun.ac.za)

www.wellcome.ac.uk/
Funding priority areas:

The EDCTP (European & Developing Countries Clinical Trials Partnership) and EDCTP2 (supported under Horizon 2020) support collaborative clinical research projects in Sub-Saharan Africa on poverty-related infectious diseases aiming to increase new or improved medical interventions for:

(1) HIV/AIDS
(2) Tuberculosis
(3) Malaria

Types of grants: Research and Innovation Actions (RIAs) Coordination and Support Actions (CSAs) Training and Mobility Actions (TMAs)

Enquiries: Eugene Baugaard (eugeneb@sun.ac.za)
Lizél Senekal (lizelk@sun.ac.za)

http://www.edctp.org/
Funding priority areas:

- Enteric & diarrheal diseases
- HIV/AIDS
- Malaria; Other infectious diseases
- Pneumonia, tuberculosis & neglected diseases
- Health solutions for family planning, nutrition, maternal, neonatal & child health, tobacco control & vaccine-preventable diseases

Cross-cutting themes:

- **Discovery** – closing gaps in knowledge; creating technologies
- **Delivery** – implementing & scaling up proven approaches
- **Policy & Advocacy** – Promoting better resources, effective policies, greater visibility of global health

**Enquiries:** Eugene Baugaard ([eugeneb@sun.ac.za](mailto:eugeneb@sun.ac.za))
Lizél Senekal ([lizelk@sun.ac.za](mailto:lizelk@sun.ac.za))

European Union (EU) multi-national consortium-based large research grants are for experienced researchers. Projects are done with EU collaborators & partner countries. Funding schemes support Research & Innovation Actions, Coordination & Support Actions, ERC Grants, Marie Sklodowska-Curie Actions and more.

Other EU supported activities:
COST actions (intergovernmental framework for coordination of research at European level), EuropeAid, etc.
