| September  | 12   | How to draw up a research budget fit for purpose  | 18    | Article writing (1 day)  |

**NEW! TO BE LAUNCHED MAY 2019!**  
Clinical Research Protocol Writing online course

**MMed protocol focus**

We are excited to announce that we will be launching our **NEW** online Clinical Research Protocol Writing course, blended with face-to-face work group sessions, targeted at registrars and other early-career researchers wanting to develop a quantitative research protocol using a clinical study design. This course will provide guidance and take you through the steps of developing a research idea into a draft research protocol. This course will replace our former Short Course in Clinical Research Skills.

Workshops, Courses and Short Information Sessions are open to all Stellenbosch University, Faculty of Medicine and Health Sciences staff, postdoctoral fellows and postgraduate students and will be hosted at Tygerberg Campus unless stated otherwise.
