- An emergency medical condition
- A defined list of 270 diagnoses
- A defined list of 27 chronic conditions.

To access Prescribed Minimum Benefits, there are rules defined by the Council for Medical Schemes (CMS) that apply:

- The treatment needed must match the treatments in the defined benefits
- You must use Designated Service Providers (DSPs) in our network. This does not apply in emergencies. Where appropriate and according to the rules of the Scheme, you may be transferred to a hospital or other service providers in our network, once your condition has stabilised. If you do not use a DSP we will pay up to 80% of the Discovery Health Rate (DHR). You will be responsible for the difference between what we pay and the actual cost of your treatment.

If your treatment doesn't meet the above criteria, we will pay according to your plan benefits.
