

DEATH COVER VIA THE NON-APPROVED SCHEME

Stellenbosch University currently offers death cover to all permanent employees as well as to fixed-term contract appointments who qualify for this benefit in terms of their employment conditions via a freestanding, non-approved scheme on death in service.

With effect from January 2018, employees have the option before retirement to take optional cover of twice their pensionable salary, at a cost of 61.10 cents (from 1 January 2022) per R1 000 cover. The cover can continue after retirement only if the employee activated the benefit before retirement and continues with the five times cover.

If you require further information, please contact the Human Resources client service centre on 021 808 2753 or sun-e-hr@sun.ac.za.

This document serves as an official instruction to the employer to take up the optional cover of twice pensionable salary.
