Dropout indicator:

Grad = Number / percentage of original cohort that have obtained an UG Bachelor's qualification (regardless of time to graduation)

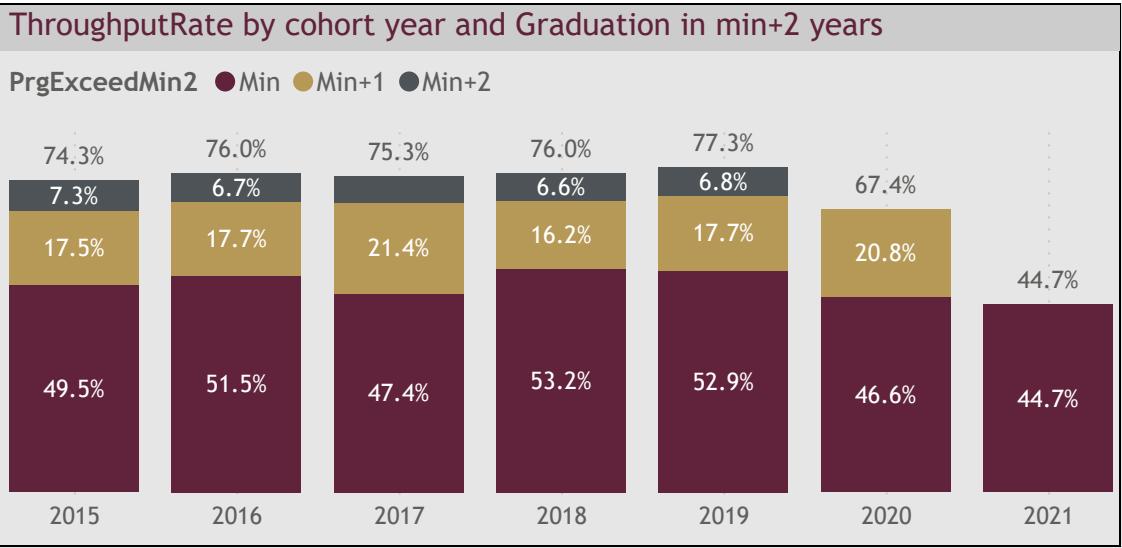

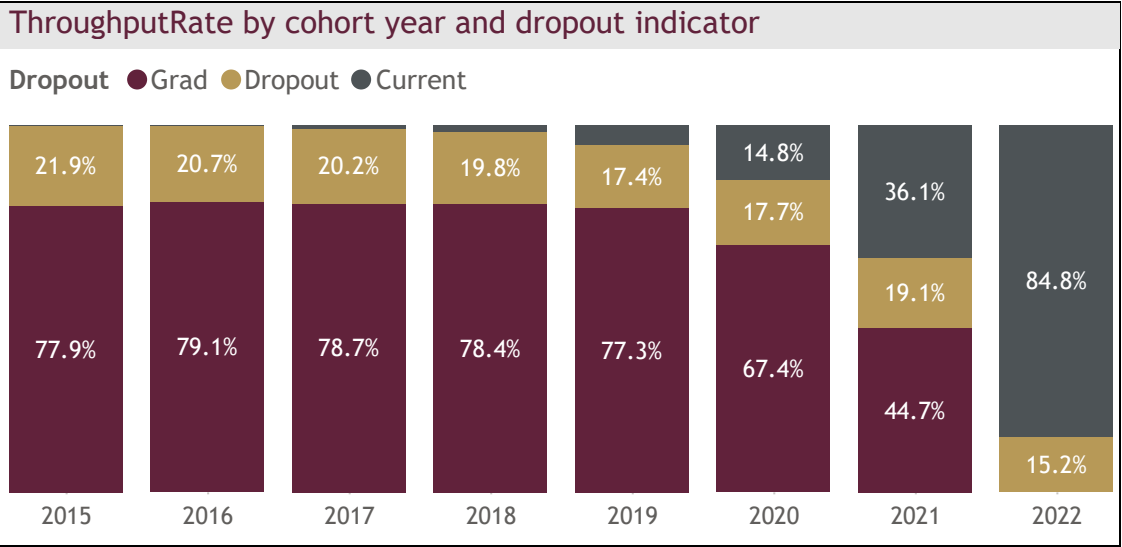

Current = Number / Percentage of original cohort enrolled in 2023 in an UG Bachelor's programme

Dropout = Number / percentage of original cohort that did not graduate by 2023 and were not enrolled in 2023.

PrgExceedMin2:

Time to graduation, relative to duration of programme enrolled in cohort year.

E.g. For a 3-year programme, a student would need 3 years to complete the degree in minimum time, and 4 years to complete in min+1 year.
