Hi and welcome to Capri PSO, the next big step of your life. This is the place where you will have the chance to blossom and thrive, and the HK team and I aim to make it the best possible time for you!

I have many hobbies and interests, but the most interesting part about them is that they don't really match. I have been breeding chickens for my entire life and have big pride in showing all types of fowl. I am also a keen skater and long-boarder.

I am a very social person and enjoy chatting a bit too much! I don't really like ball-sports and all, but I am a very big boxing and formula 1 fan. I'm pretty much all over the place and always up for something new, so never hesitate to ask.

I'm excited to meet you and hope that you are ecstatic for the times ahead!

Hello and welcome to Capri PSO!

Firstly, congratulations and welcome on a new journey in life! My name is Anke Eksteen and I am your vice-Primaria. My other portfolios include Welcoming and Social Impact.

I study BSc Human Life Sciences with Psychology. I am a passionate person from the Karoo, who loves people, compassion, to braai and adventure.

I encourage you to challenge yourselves this year, to broaden your comfort zones and to take on any challenge with purpose and enthusiasm (a.k.a. “GEES”). Remember, enthusiasm means you are filled with passion. That spirit is released when you enjoy your purpose/Passion, and we are passionate about you! (meaning, don’t forget to have fun!).

I am very excited and feel privileged to be part of the adventures that await you. The road will be bumpy but know that you won’t be alone (your Capri family will back you). I promise you that this will be the most rewarding years of your life!

All my love!

About Capri PSO:

Capri PSO is a co-ed PSO on campus. We feel strongly about being a home away from home. We aim to give our members a holistic student experience. We have great pride in our PSO family and are excited to offer best PSO experience on campus for all our members.

Capri has recently been rebranded and re-evaluated. We come from a past 45-year history upon which we have learnt and built an entire new structure upon the knowledge of our past. We were officially “established” in 2018 as the result of the evolution of other PSO from a prior community. The name Capri means “a beautiful island” and the colour Capri is a turquoise colour. That is where our house colours, turquoise and white, come from.

Capri PSO Offers a whole host of activities and opportunities for you as a member. First off, we are situated in and operate from the world class amaMaties Cluster student hub. As a member you will be able to come and relax here, book meals in the Tinie Louw dining hall and even study in our great facilities. Capri PSO also offers multiple sporting opportunities and cultural events that allow you to express your talents and have a great time here at Maties. We are involved in numerous competitions on campus and try our best to offer everyone something that they love. If we don't offer something that you love, let us know and lets see if we can make it work! On top of that, Capri hosts a variety of our own social events like interactions with other houses and even culture evenings, where we showcase the talent of our members.

Our Values:

We have specifically chosen these three values in those specific languages, because they distinctively have a definition in the distinctive languages that represent our Capri family best. Collectively, “Ubuntu, Trots and Innovation” define who we are as a house and what we stand for.

amaMaties Cluster:

If you are in any of the following residences: Helderberg, Erica, Nemesia, Serruria and Huis Neethling or in any of the following Private Student Organizations (PSOs): Capri and Equité – you are part of the amaMaties Cluster! Our visiting PSO from Tygerberg is Osler. Cluster is a university initiative that groups different reses and PSO's together to provide support, integration and a sense of belonging to a broader community of students. Various Cluster events take place during the year which provides ample opportunity for students to participate and gain friendships with students in other residences. In our cluster we embrace the values of 'Empowerment through Friendship' by hosting various fun and critically challenging activities to ensure the integration and networking of students within amaMaties group. The amaMaties cluster HUB initiative, is the physical base of our cluster and provides a gathering space and commons for the students of our cluster, ensuring a world class living and learning environment. This multifunctional space provides students with an area to meet, study, relax, and engage with each other between classes and other commitments.

The HUB facilities include:

- Study and relaxation area
- Boardroom
- The Tinie Louw dining hall
- Plug points for laptops
- Early/late dining at the Deli
- Emergency overnight rooms
- Maties Wi-Fi access
- Lockers

This is the best opportunity to really feel part of our PSO family.

We as a PSO provide:

Capri Beach Cleanup Day

Capri will be taking you guys to the beach on our community service day! We will be leaving on the 31st of Jan at 10:00 sharp. Transport will be provided, remember your sun-cream! And remember to sign-up during registration, lunch will also be provided along with several team-building activities.

We aim to work together with environmentally focussed companies to make a difference, As Capri's brand is centred around palm trees and the beach, we thought this would be the best way to make a difference and have fun in the process.

Campus Societies:

The societies at the University of Stellenbosch make up the largest and most diverse out-of-class activities on campus. This means that just about everything from dancing to debating falls under the societies. The societies offer you everything you could want to have outside of class! They are a way to meet new people and make friends with others that have the same interests as you. Also to give outlet to your passions, whether for animals, children, people, philosophy, green and community interaction - you name it! Gain new skills and run courses to further yourself (or for your CV).

December 2019

Dear Student

CHARGING FIRST YEAR WELCOMING PACKAGES TO STUDENT ACCOUNTS Welcome to the PSO community of Stellenbosch University! You have been assigned to a PSO (private student organisation) due to the fact that you have not elected to stay in a residence in 2019. During the annual welcoming period in the beginning of the year, residences and PSOs take responsibility for exposing first years to Stellenbosch University in a welcoming manner.

Because PSOs do not have a dining hall (although some PSO's will arrange meals for their students in dining halls during the welcoming period) where students can enjoy meals, PSO first years are provided with "welcoming packages". These packages usually consist of a number of meals, clothing, water bottles, caps and other items unique to the particular PSO. During PSO registration on the first day of Welcoming (Wednesday, 23 January 2019), you will have the option of purchasing one of these welcoming packages at a set price (which may vary from PSO to PSO). Each PSO will also offer different options (both clothing and meals, only meals, only clothing, etc.) that students can then select. Please see the bottom of this email for more information.

Stellenbosch University utilizes a cashless system to allow students to purchase these packages hassle free. You, or your parents or guardian, will have to sign an acknowledgement of debt on the day so that the clothing, food, etc. for the welcoming period can be made available to you. After registration the cost will be charged to your student account to be paid with all other student-related expenses. **Please note that once the form is signed you will be liable for the costs of the package selected, regardless of you having all the meals or not, or not wanting the clothing after the first few days.**

Acquiring the "welcoming packages" is not compulsory, but we do want to encourage you to take the opportunity to do so as it will make your welcoming period a much more enjoyable experience. Please find attached the form for your completion. You are welcome to print the form and bring it along.

If you have any questions, feel free to contact me at 021-808 4854 / 2791 or psos@sun.ac.za
