Dear Aurorian,

A heartfelt welcome to Aurora PSO! We are super excited to meet you and to have you join our ever expanding Aurora family!

The welcoming period is definitely a highlight for any new Matie and it will surely be one of the best times of your life!

Aurora has given us some of our best memories with friends who have become our family. Aurora is a community where each Aurorian is encouraged to be their own person and make their own mark. We are a community that strives for individual growth through interactions with people from various different backgrounds and walks of life. This is your chance to make new friends and new memories!

We are so thrilled to have the opportunity to begin this new chapter of your life with you. We have planned a welcoming period full of fun and exciting activities which we cant wait to share with you.

All the best for the upcoming year, and we hope to see your faces around!
Your welcoming leaders,

Erin & Azraa

Who Are We?

Who are we?

Aurora Private Student Organisation, established in 1981, is the oldest co-ed community on the Stellenbosch campus. Over the past 37 years, Aurora has strived to provide a safe and welcoming space for our members to grow and live out a holistic student experience. In doing so, we do not only equip our members with the necessary tools to ensure a successful university career, but also provide them with a strong sentiment of unity and community by creating an atmosphere of belonging. Aurora has often affectionately been referred to as being a “home away from home”. Aurora boasts one of the most diverse communities on campus, and we pride ourselves in providing a platform for our members to voice their opinions and showcase their heritage and culture through multiple opportunities across multiple platforms, including critical engagement, kindness campaigns, multicultural dinners and leadership opportunities.

Aurora is an active student community, where you will be provided with the same opportunities in terms of the Stellenbosch student experience and activities that take place on campus as students who prefer to live in university residences. Please do note that PSO's do not provide accommodation, and all PSO students should arrange their own accommodation and transport, to and from their accommodation and campus. Please take further note that the University does provide a shuttle service to surrounding areas for students who live outside of Stellenbosch for the duration of welcoming week.

Aurora has much to offer, and you will definitely be able to find your niche within the House, whether it be sports, academics, culture, leadership, or simply socialisation.

What are our values? Integrity, Unity, Individuality, Respect and Gees.

Where are we located?

8 Hofmeyr Street, Stellenbosch

Welcoming week stretches from Wednesday 02 February to 12 February 2022. Throughout this period the Aurora leadership team will help prepare you for your journey to becoming a full-fledged Matie! We have worked hard to develop a program for you to ensure that you will receive the best possible start to your university career, and are well acquainted with campus, lecture halls, town and have made a few friends before the start of classes on the 14th of February. During these 10 days, we will assist you with registration, getting your student card, and introducing you to all Stellenbosch University has to offer. This week will also introduce you to some people from other communities around campus through socials that are incorporated into the program. The Welcoming period comes to an end with the “Vensters” production, which is an age-old tradition where newcomers put on performances with our Connect Partners. Our partners for 2022 are Minerva Ladies’ Residence.

**PLEASE BE AWARE OF STELENBOSCH UNIVERSITY'S
VACCINATION RULE**

**Registration is taking place in the
following order on 02 February
2022**

**08:50 for 09:00
Engineering (BENG)**

**09:20 for 09:30
Arts & Social Sciences (BA)**

**09:50 for 10:00
AgriSciences, Theology and B in Music**

**10:20 for 10:30
Economics and Management Sciences (BCom)**

**10:50 for 11:00
Education (BED)**

**11:20 for 11:30
Sciences (Bsc)**

**11:50 for 12:00
Latecomers**

**PLEASE NOTE THAT ALL ACTIVITIES ARE SUPERVISED
UNDER STRICT COVID-19 PROTOCOLS AND SOCIAL
DISTANCING REGULATIONS WILL BE ENFORCED.
PLEASE WEAR A MASK AT ALL TIMES**

Message from our Primarius

Dear prospective Aurorians,

it will be our great pleasure to welcome you to Aurora private student organisation in 2022. Now you may wonder, what is a private student organisation, or PSO? PSO is there to provide you with all of the other opportunities that a student living in a residence may have. These opportunities include social activities, sport, culture activities, social impact projects and many more. The PSO is also a space where you can find your place in a smaller community that forms part of the bigger Stellenbosch community. This is extremely important as it is easy to get lost in the Stellenbosch community as a whole because it is so big.

Aurora is a community where everybody is welcome and where everybody can feel safe. It is a community where you will meet a lot of really interesting people and where you will meet the students that will be in class with you for the years to come. The relationships built in Aurora can last a lifetime. It is however important to note that we do not offer accommodation to our members and it is their own responsibility to find accomodation on and around campus.

Being a Matie is so much more than simply studying at Stellenbosch University. It is important to stay focused on your studies, but it is also important to enjoy your time as a student. We thus encourage you to be an active member of Aurora to maximise your gains from the PSO and the university.

We are looking forward to meet you during welcoming week so that we can kick off your time at university with a fun experience.

Divan du Toit

MEET THE TEAM

Primarius & Vice Primaria

Divan du Toit | Primarius
Industrial Engineering
Leadership Development and Alumni Relations

Hi. my name is Divan du Toit, and I am in my Fourth year of industrial engineering. I am the Primarius of Aurora PSO and my accompanying portfolios are Leadership Development and Alumni Relations. I will be there during welcoming to ensure that everything runs smoothly and to interact with all of our newcomers. I will do my best to make sure that Aurora provides you with many opportunities to grow as a student and as a person. I will also be there to encourage you to get involved in leadership structures at the University and in Aurora. So now that the serious stuff is out of the way I can tell you a bit more about me. I am from Gauteng, and I went to Hoërskool Randburg. I am a dancer and a runner, and I recently started mountain biking (some people might say that I spend more time falling off the bike than on the bike). I love to hike in the mountains surrounding Stellenbosch and to just walk around in the beautiful town. I love a special at a restaurant, and to my luck Stellenbosch has a lot to offer in this category. I am really excited to meet all of our newcomers of 2022 and to see every one of you grow in Aurora.

Wilri Terblanche | Vice-Primaria
Postgraduate LLB
Critical Engagement, Discipline and Safety

Dear prospective Aurorian
Congratulations on being provisionally selected into the Aurora community! I hope that your fellow Aurorians will become an integral part of your university experience. As a law student, I am very passionate about social justice and human rights advancement. As vice-prim I hold the critical engagement portfolio, which I would encourage everyone to engage in, in order to leave university a socially conscious global citizen. I also encourage you to give back to your new community by participating in upcoming social impact projects throughout the year. Aurora serves as a platform to advance our members' best interests and provide our members with opportunities to participate in campus life and engage with their fellow students through culture, social impact, various sports teams, social events and dances, and positional and non-positional leadership opportunities. I can easily be recognized by my fabulous mane, permanent resting murder face (spoiler, I'm actually nice, come and have a chat with me), or eternal chill attitude. The great panda is my spirit animal – fabulous black & white outfit, eats & sleeps all day, sign me up. I hope you thoroughly enjoy your time with Aurora, and I look forward to meeting you all during welcoming!

House Committee

Azraa Jonkers | BA International Studies
Clusters, Socials, Welcoming

Hi there prospective Aurorians!

I'm Azraa and I'm very keen to meet all of you! My main goal for the upcoming year is to have the best welcoming week, to show you how amazing Aurora is and all we have to offer you! I'm a short lil person with big opinions. What I lack in height, I make up for in jokes and sarcasm but I swear I'm friendly. I love meeting new people and making friends so if you ever need someone to chat to, I'm your girl. I'm Aurora's resident cat lady, so if you ever have any cat pictures please come show them to me. I'm a nature lover who loves to stay in bed, it's a complicated life, but I'm always ready for a spontaneous adventure or a night in with some series. Sending all my love until we get to meet! See you soon!

Andre Zander Niemand | BA Social Dynamics
Accountability, Culture, Social Impact, Sustainability

Hi there, I'm Zander Niemand, one of your house committee members for 2022. I'm currently in my third year of study, and my focus is psychology and political science, with a minor in sociology. I'm the house committee member in charge of Social Impact, and Sustainability projects and initiatives. I'm also your Culture HC for 2022 and I can't wait to tell you about all the amazing events that we have planned! You'll also get to know me as one of the elected members of the Student's Representative Council; within which I am the Transformation Officer. Welcoming week is an amazing experience, and I know with such a phenomenal house committee leading the way, the rest of the year will be an exciting adventure. I can't wait for you to meet the team, and to become a part of the Aurora Community. You'll also get to explore Stellenbosch University, and the amazing places and communities that surround it. It'll be an exciting year, and I can't wait to meet you!

House Committee

**Darian Grant | BCom Management Science
Head Mentor and Academics**

Hi everyone, welcome to Aurora! As your Head Mentor, my job is to ensure that the mentors are well equipped and are ready to help all of our potential newcomers during the busy welcoming week as well as throughout the rest of their first year. I love to spend time with my friends as I make a point of seeing at least one friend a day. I also enjoy playing video games, both on computer and console, and my favourite games are single-player adventure games. Aurora is honestly the most amazing place filled with the best people .

**Erin Cameron | BA Social Dynamics
Connect, Seniors Committee, Welcoming**

Hello everyone! Congratulations on your provisional acceptance to Stellenbosch University and welcome to the next chapter of your life. I am so excited to be introducing you into our incredible community. Aurora has been my home away from home, and I hope that it will be yours too! If you are feeling a little lost during welcoming week and need some guidance, please come and find me! Either look for the shortest HC member or follow the sound of the word "duuuddeee". I love everything to do with the outdoors and the ocean runs through my veins. I am an unashamed plant mom and need caffeine as soon as I wake up. I cannot wait to meet all of you in the upcoming year! Stay stoked!

House Committee

Chrishané Titus | BA Humanities
Vensters, First years and House dance

Hi Aurorians. I am a very passionate, kind-hearted and energetic person and love to interact with others. The Vensters production is one of the many highlights during the Welcoming period. Through the first years' portfolio I will be helping you connect with the larger Aurora community through leadership, by planning our own events. A first years' committee will be selected and will plan these amazing events as a way to keep us engaged with one another. Your ideas that are generated and integrated within this committee, will help our community maintain a welcoming environment. The House Dance is a formal event and a chance for you to be able to dress up fancy and forget about academic stress and have a blast with the whole Aurora community before final exam season. I am so excited to meet you all. See you soon!

Gian-Ré Gertse | BA Humanities
Secretary-General, Wellness

I am a sucker for any savoury snack and you will notice that I always wear winged eyeliner. Moreover, to the prospective student reading this, within just a week you will discover that Aurora is not just a PSO, rather a home away from home. I further encourage you to not be afraid to tackle this year head on. Make the most of it and you will find magic in the moments that will have you smiling for many years. I look forward to meeting you!

House Committee

Joel Veysie | BCom Management Science
Connect, House Dance, Socials, Sports

Hey guys, welcome to the best PSO on campus! I have been with Aurora since my first year in 2020, and I have been the chairperson of the First years committee, a mentor in my second year and I am now serving on the house committee. I am so excited for you guys to become part of the Aurora community. I hope that you make the most of your welcoming experience, make new friends, and join as many activities as you can throughout the year. I am looking forward to meeting you all and making sure you have a smooth and easy transition into Stellenbosch University. I think that 2022 is going to be an awesome year and I am super keen to make memories with you all. I am here to ensure that you have the most fun and enjoyable transition into your university career. Welcome to the community.

Mavneil Jacobs | BCom Law
Clothing, Financial Manager, Sports

Hi newcomers!
On a very hot day, while a matric class was graduating, the principal would shake their hands and say in a soft but firm voice that only the matrics could hear: "Keep moving forward". The principal only wanted the fine to move faster, but the matrics took the words as encouragement for the next stage in their lives. Such is life, after every achievement or disappointment, the best advice is to keep moving forward - never stagnate. This year will be filled with memories and make the most out of it! I hope to see all of you during welcoming.
Carpe diem.

House Committee

**Tegan Gibaud | BSc Biodiversity & Ecology
Clothing, Marketing, Social Media**

Hi everyone. You'll find me behind the camera during all Aurora events, so if you want a feature on our socials, come find me! I also look after your welcoming outfits and the marketing. If you ever feel lost or need some information, come find me and I'll be able to direct you to the right place. 2022 promises new territories covered and exciting change. I look forward meeting you all and having a great time together! Welcome to the Aurora community!

**Tehillah Truter | BA Humanities
Clusters, Sustainability and Equipment**

Hey there future Aurorians. My name is Tehillah Truter and I am a 3rd year BA Humanities student. First off Congratulations on your prospective placement in Aurora! I am so glad that you can join us as I truly love our PSO and I'm sure you will too. A bit about myself. I love music and can often be found with my headphones on walking around campus. I am also a huge animal lover and will never pass up the opportunity to meet the furry friends I spot in public. Now you've 'met' me and I cannot wait to meet you this welcoming.

Message from our Head Mentor

Hello future Aurorians,
Congratulations on your provisional acceptance to Stellenbosch University and to Aurora PSO.
There are bound to be some nerves due to the uncertainty surrounding university life but that is where the mentors are able to assist you.
Mentors will help you in your adjustment into university life as they have received leadership training from Stellenbosch University to ensure that they are well equipped and have the knowledge to make your first-year experience smooth and unforgettable.

Each degree is separated into their faculties and the aim is to ensure that potential Aurorians are assigned to a mentor group within their faculties. The mentor group will provide very important information to any potential newcomer as well as allowing friendships to be formed and hopefully find that friend who you can sit next to on the first day of classes.

The Aurora mentors are extremely excited to potentially meet you next year. I would like to wish you all a safe holiday this year and I hope to see you next year.

Message from our Seniors Committee HC

Hello prospective Aurorian!

The seniors committee is the gateway to get involved in Aurora leadership. We aim to host events that will reach all of our members. Being involved in this committee is a fabulous way to meet new people and to get a taste of Aurora leadership.

Some of our main tasks during welcoming week are crisis management and making sure that you are fed! Please feel free to approach us with any questions, we will try our best to answer them!

We have got a variety of fun events planned for the upcoming year, so keep a look out!

Cluster Introduction

Welcome to the VicMeyr cluster!

Stellenbosch has eight student communities called clusters. The cluster system creates opportunities for PSO students to meet and integrate with residence students.

Your cluster community provides a place for social interaction, belonging, building new friendships and access to peer-support. It hosts interesting and challenging conversations with diverse groups of people and increases your opportunities to enjoy a more holistic university experience.

Our cluster is Vicmeyr and we're so happy that you're part of our community! It consists of the following communities: Minerva, Lydia, Aurora PSO, Dagbreek, Huis ten Bosch and Majuba. Our values of respect, critical thinking, camaraderie and integrity is at the heart of everything we do in our cluster.

During welcoming you will meet us, your Vicmeyr's Cluster Conveners for 2022, Elouise van Wyk (21868921@sun.ac.za) and Joelle Naidoo (22552979@sun.ac.za).

Our roles are to create fun and innovative opportunities for interaction and community development along with the members of the Vicmeyr community. The first cluster event you can look forward to is Cluster day!

The Stellenbosch DICTIONARY

BIB: Stellenbosch University Library

FHARGA: Computer Centre for the BComm Faculty

FIRGA: Computer Centre for Engineering Faculty

HEMIS: Your HEMIS (Higher Education Information Management System) is one of the most important calculations made during your academic career. A calculation of credits you've achieved against credits you should have achieved.

HK/HC: House Committee

HUMARGA: Computer Centre for the BA and Education faculty students (Third floor of the Arts (BA) building).

KLEIN SATERDAG: Wednesdays.

NARGA: Computer Centre for the Bsc (Sciences) faculty.

NEELSIE: On campus shopping centre where we can go to eat and do general errands, also houses many of the student organisations' offices.

PRIM: Short for Primaria/ Primarius. This is the head leader of the House Committee. It could be compared to the head boy/head girl of school.

ROOIPLEIN: The red brick and grass area between the Neelsie and library.

SECOND OPP: The second opportunity that is available for exams (Rules differ for each module and faculty).

SRC: Student Representative Council (Our student government).

SS: Student Centre (a mostly quiet place where you can study) in the JC Smuts building.

CSCD/SSVO: Centre for student counselling and development.

SunLearn: Our University Website where your lecturer uploads all your slides and notes for each module.

VICE-PRIM: This could be compared to a deputy head of a school.
