

OUDE MOLEN PSO

Welcoming Letter 2022

Dear Prospective Mol

First of all, congratulations on your conditional acceptance to Stellenbosch University for 2022, and arguably even better, your provisional placement into Oude Molen PSO (Private Student Organisation). Oude Molen is an active student community which provides you with the same experience, in terms of tangible activities and lived student experience, as a residence, for students who reside in their own private accommodation (we must stress the fact that the PSO does not provide accommodation in any way). PSO's form the thriving heart of Stellenbosch University, making up around 70% of the student population. All 11 PSO's provide incredible support to those who do not live-in university Residences and enrich the lives of all their members.

Oude Molen was established in 1973 as one of the first, three male PSO's on campus, and over the past 48 years, has developed a rich heritage and has continued to mould individuals with integrity, respect, a sense of unity, a sense of balance, compassion, and a sense of belonging.

Respect. Unity. Balance. Inclusivity. Belonging. Compassion. These are the values that dictate how and why we do things, as such Oude Molen provides a nurturing environment for any individual to thrive in. "Een keer 'n Mol, Altyd 'n Mol" (Once a Mol, always a Mol), isn't so much a saying as much as it is a way of life. I would not be exaggerating when I say that the vast majority (around 80%) of my friends I've met at Varsity was through the PSO! I cannot stress how good the PSO system is, if you just give it a chance and embrace it with both arms.

Oude Molen members, or "Molle", have been extremely successful in all aspects of university life, from the sports fields, the drama halls to the exam halls. The Molle have had success on the cricket pitches and the hockey Astro's over the last couple of years, squash is gaining more traction as a favourite amongst the Molle, and the new football team have had grown from strength to strength. The pride and joy, however, is the PSO barbarian's rugby team. For the more culturally inclined Molle, Toneelfees, which consists of plays written, directed, and acted out by the Molle, is a favourite while we have consistently been getting better at SU Acapella.

Above all, the main priority of Oude Molen and the reason why we all go to university, is academic success. This is achieved through the academic support network provided by the mentor group. The mentor group is a team of unique individuals that come from different year groups but are all Molle. Their role is to offer support and guidance to their assigned group of mentees during the welcoming period and through the rest of the year. Each newcomer will be assigned to a mentor group during our first introductory session, more details on that later.

On the social side of life, Oude Molen aims to provide a safe place for members to meet likeminded individuals. We have numerous social events throughout the year, a couple of the favourites are the House Dance and the Village Sports day. The HK house is also a favourite braai spot among the Molle!

Between the 26th of January and the 12th of February, we will assist you in any way we can on your journey to becoming a Matie! A full program has been developed to make sure that you receive nothing but the best start to your university career, that you're well acquainted with campus and town and that you've made a few friends before classes start on the 14th of February. The welcoming period historically ends with the Vensters performances on the Friday night, this year will be slightly different with Vensters being on Saturday the 12th of February. Our partners for 2022 are Isa and Irene!

The welcoming leaders for 2022 will be Gerrit Oosthuizen, Vian Smit and Ethan McCrorie and they will be responsible for your well-being throughout the welcoming period. Should you have any questions during welcoming these are the three people who will be able to help you, saying that do not hesitate to ask any House Committee member and they will be happy to help.

Please find information below regarding the details of our first meeting:

- Date: 26th January
- Time: 13:00
- Link: The link will be emailed out and shared on our Social Media pages closer to the date.

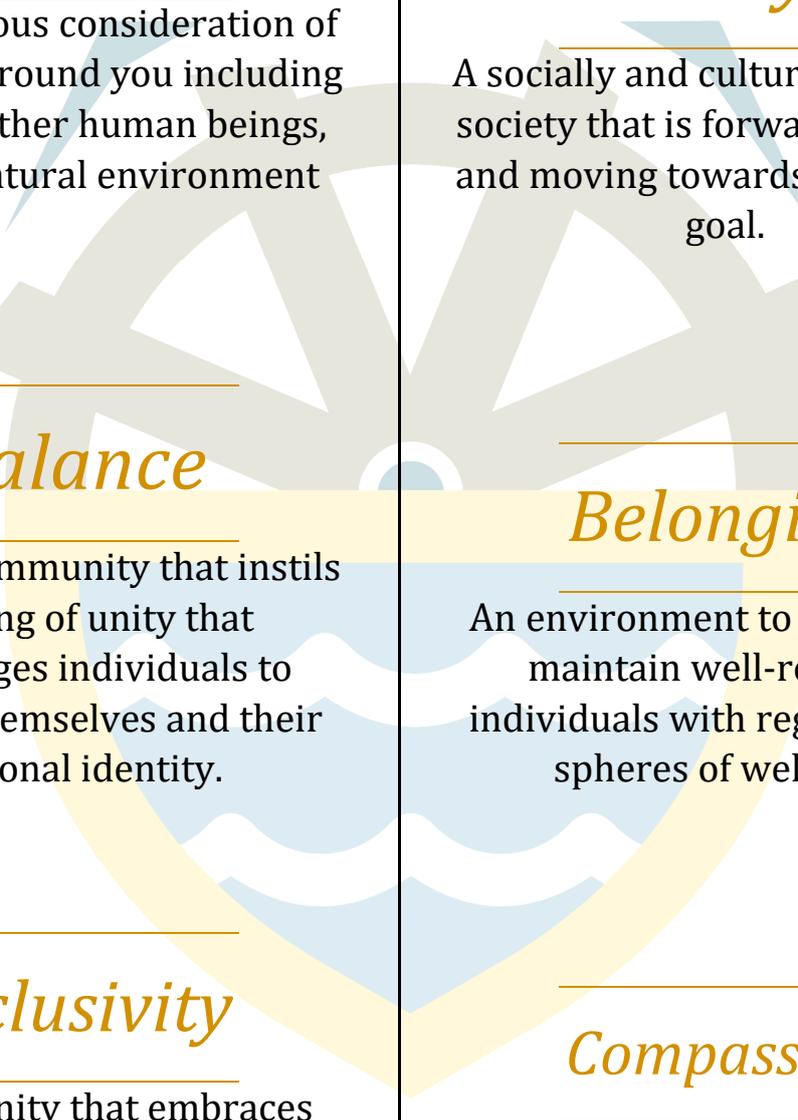

During the first meeting we, as the House Committee along with the mentors, will meet the new Molle and their parents. It will serve as a general information session about the PSO and specifically about the welcoming period. We will be more than happy to field all questions you may have. During this session, the Molle will be split into their Mentor groups for the welcoming period. Please also note that this meeting will be online.

Kind Regards

Dear Oude Molen Newcomer.

Congratulations with your acceptance at Stellenbosch University and a warm welcome to Oude Molen. Studying at Stellenbosch University is a great honour and I wish you all the best as you enter this challenging yet exciting phase of your life. As a prospective first year you stand at the beginning of an exciting period in your life.

As PSO Coordinator, I am responsible for managing Oude Molen, along with its House Committee and the Mentors. We are your support network that will assist with your academic and social integration at the University. Please, if you have any questions, do not hesitate to ask. Oude Molen believes in a value driven system. We consider these values in all we do.

The last year has been an extremely challenging year for us all with 2022 lining up to be just as complex. In these tricky times our communities, relationships, and ability to constantly evaluate our context has become more important than ever. The fallout from COVID19 has shown us just how unstable our world can be. This instability has also however brought the

best out of us. We have forged new paths, built new relationships, and innovated in ways we could never have imagined. The PSO Space has ensured that students, even when physically isolated from one another, still remain connected to each other as well as campus life.

I encourage you to make the most of this experience and to take a hold of each and every opportunity that comes your way. In today's world, a degree can only get you so far. Your experience at Oude Molen PSO is what will allow you to go further and to leave Stellenbosch University as a well-rounded graduate. Oude Molen is your portal to an exciting out-of-class and co-curricular experience which will go a long way to giving you an upper hand one day when you graduate.

We look forward to meeting you and I can assure you that you will be welcomed into our family with open arms.

Regards,

BSc Human Life Sciences

Message from The Prim

May I first start by saying, welcome to Oude Molen PSO! Oude Molen has been, without a doubt, the best part of my university experience and I hope that I can convey that feeling to you. First, a few things about myself.

I have just finished my fourth year studying a BSc in Human Life Sciences and I am hoping to get into honours to study Medical Physiology. I was born in Pietermaritzburg, grew up in Gqeberha and currently call Manchester my home, although I would say that Stellenbosch is my favourite of all the above! I am THE biggest Bristol City supporter this side of the equator (If you know, you know) COYRS!! In my spare time I enjoy hiking (the longer the better, Cederberg is a must do for all you hiking fans out there!), reading and generally being out and about in nature. I am a very sporty person, I have played squash for the university but the pride and joy of my sports time at the Stellies has been playing with Oude Molen FC! More on that later 😊 I enjoy a good pun, just ask any senior about my really, really, really, really, really, really, really, good tractor joke...

When I arrived in Stellies at the beginning of my first year I knew absolutely nobody and was more than a little anxious about what was to come in the year ahead, but I knew one thing, I was in Oude Molen PSO. I didn't know much about the PSO, other than the information I got from the various social media accounts (don't forget to give us a follow!) and what I had Read in the

welcoming booklet. I decided to give it a go and that turned out to be a pretty good idea! Long story short, I got massively lost and had to sneak into the lecture hall through the backdoor and found the last remaining seat in the room. I ended up sitting next to a bloke named Ben, who turned into one of my best mates throughout uni! I guarantee that if you ask any member that they will have a similar story about their time in Oude Molen. The point I'm trying to get across is that you get out of this as much as you put in, give it a go you might be pleasantly surprised!

I truly believe that Oude Molen offers something for everybody, I am a very active person and as such participate fully in the sports side of things, saying that one of the most rewarding things I have been a part of during my time here was being Involved in the Mollasser at the beginning of last year. Mollasser is a fun singing (and I use singing in the loosest of terms) competition between residences and PSOs, now, I can't sing but being part of a group and having fun with people I wouldn't necessarily interact with was one of the highlights of my year! Now, as promised, back to the football! Oude Molen FC has been, undoubtedly, the best part of the being in the PSO (I may be a little biased...), just for context, we started in the second division and managed to work our way up to the first division but the best part for me are the friends I have made along the way. A couple moments stand out for me and ill briefly mention a few of them. My favourite memory was scouting our first international player (yes, you did read that right!), in my second year, I was having a beer with a mate of mine from the football team and we overheard a voice saying that they had just come to Stellies on exchange and were really hoping that they could play some footy but they just hadn't managed to find a team, being the top quality recruitment team that we are, we offered to buy the guy a beer and asked if he wanted to join us at our next practice. Long story short he came to that practice and played for us for the rest of the season! It turned out he was 28 and had played semi-professionally when he was in Germany! If you don't ask the answer will always be no!

The last little story I want to leave you with is of my Vensters experience. I want to preface this by saying, like my singing, my dancing skills are non-existent! But nonetheless I was chosen to be part of the couple's dance (I Suspect this might have been down to my height...), now this prospect did not excite me in the slightest, but I pulled through and it turned out to be the best night of welcoming by far! I know some of you might be feeling a bit nervous about Vensters or maybe even University in general, but if there is one thing, I hope you will take out of this, is to give it horns! As I said before, you get out what you put in, and I believe that goes for everything we do.

I am very excited to meet you in February at the beginning of welcoming! If you have any questions regarding welcoming or anything to do with PSO life in general feel free to contact me. In the meantime, enjoy the rest of your well-earned holidays, stay safe and good luck for the release of your matric results!

Een Keer 'n Mol
Altyd 'n Mol!

Best wishes

December 2021

Dear Student

CHARGING FIRST YEAR WELCOMING PACKAGES TO STUDENT ACCOUNTS

Welcome to the PSO community of Stellenbosch University! You have been assigned to a PSO (private student organisation) due to the fact that you have not elected to stay in a residence in 2022. During the annual welcoming period in the beginning of the year, residences and PSOs take responsibility for exposing first years to Stellenbosch University in a welcoming manner.

Because PSOs do not have a dining hall (although some PSO's will arrange meals for their students in dining halls during the welcoming period) where students can enjoy meals, PSO first years are provided with "welcoming packages". These packages usually consist of a number of meals, clothing, water bottles, caps and other items unique to the particular PSO. During PSO registration on the first day of Welcoming (Wednesday 2nd February 2022), you will have the option of purchasing one of these welcoming packages at a set price (which may vary from PSO to PSO). Each PSO will also offer different options (both clothing and meals, only meals, only clothing, etc.) that students can then select. Please see the bottom of this email for more information.

Stellenbosch University utilizes a cashless system to allow students to purchase these packages hassle free. You, or your parents or guardian, will have to sign an acknowledgment of debt on the day so that the clothing, food, etc. for the welcoming period can be made available to you. After registration the cost will be charged to your student account to be paid with all other student-related expenses. **Please note that once the form is signed you will be liable for the costs of the package selected, regardless of you having all the meals or not, or not wanting the clothing after the first few days.**

Acquiring the "welcoming packages" is not compulsory, but we do want to encourage you to take the opportunity to do so as it will make your welcoming period a much more enjoyable experience. Please find attached the form for your completion. You are welcome to print the form and bring it along.

If you have any questions, feel free to contact us at psos@sun.ac.za

Desember 2021

Beste Student,

HEFFING VAN VERWELKOMINGSPAKKIE-KOSTES OP STUDENTEREKENING Welkom by die PSO-gemeenskap van die Stellenbosch Universiteit! Aangesien jy nie in 'n koshuis woonagtig is nie, is jy in 'n PSO (Privaat Studente Organisasie) ingedeel. Tydens die jaarlikse Verwelkomingsperiode neem koshuise en PSO's verantwoordelikheid om die eerstejaars op 'n verwelkomende wyse aan Stellenbosch Universiteit bloot te stel.

Aangesien die PSO's nie oor 'n eetsaal beskik waar studente maaltye kan geniet nie, (alhoewel daar reëlins getref word deur sommige PSO's om etes in die oop eetsale te geniet), word daar vir die eerstejaars “verwelkomingspakkies” saamgestel. Dit bestaan gewoonlik uit 'n sekere aantal maaltye, klerasie, waterbottels, pette, en soortgelyke items wat eie is aan die betrokke PSO. Tydens registrasie by die PSO op die eerste dag van Verwelkoming (Woensdag 2de Februarie 2022) het u die opsie om hierdie verwelkomingspakkies aan te skaf teen 'n vasgestelde bedrag (wat kan wissel van PSO tot PSO). Elke PSO bied ook verskillende opsies aan student (etes en klerasie / slegs etes / slegs klerasie). Stellenbosch Universiteit maak gebruik van 'n kontantvrye sisteem wat studente in staat stel om die pakkies makliker te verkry. U, of u ouers of voog, gaan dus op die dag 'n erkenning van skuld moet teken sodat die klerasie, voedsel, ens vir die verwelkomingsperiode aan u beskikbaar gestel kan word. Na registrasie sal die koste dan teen die betrokke studenterekening gehef word vir betaling saam met alle ander studentverwante uitgawes. Neem asseblief kennis dat sodra u die vorm onderteken het, u aanspreeklik sal wees vir die koste van die verkose pakkie, ongeag of u al u etes geneem het en ongeag of u die klerasie nie meer wil hê of dra na die eerste paar dae nie.

Die verkryging van die “verwelkomingspakkies” is nie verpligtend nie, maar ons wil u tog aanmoedig om dit wel op te neem. Vind asseblief aangeheg die vorm vir u voltooiing. U is welkom om dit saam te bring volgende jaar.

Indien u enige vrae het, kontak ons gerus by pso@sun.ac.za

Vriendelike groete,
