# DEAR PROSPECTIVE PIEKEMAN

With this, we would like to congratulate you on your placement in Pieke PSO (Private Student Organisation). Pieke is a community that plays the same role in terms of experience and activities as a residence, for students who reside in private accommodation. Every Matie student is aware of the fact that a PSO is a unique organisation. Pieke is proud to be a visible active community on campus, without being limited to a single residence building.

Pieke was established in 1973 and has flourished over the past 47 years. We pride ourselves on our values of Honour, Excellence, Integrity, and Service. Grounded by these values, Pieke has been extremely successful on a sport, social, cultural, and academic level. Being part of the Rubix Cluster, Pieke has shown its capability of being a strong academic, sport, and cultural contender among the residences.

As a men's PSO, we have a lot of spirit, despite the fact that we don't live together in a residence. We maintain this spirit by organising numerous events throughout the year, which ranges from a formal House Dance to a Golf day. Pieke aims to create a home away from home, providing safety and security for every newcomer. It is, therefore, the mission of Pieke to maintain the unity within the House by treating each Piekeman as equal and providing a platform where it is possible to achieve your full potential.

## **SAFETY NOTICE**

Greetings Parent/Guardian and Student. My name is Willem Horn and I will be your Safety House Committee Member for 2021 and I am here to ease your qualms around the safety precautions, regarding the COVID-19 Pandemic.

Here at Pieke PSO, we make the safety of the prospective newcomer our priority, to ensure that they too would be able to experience the welcoming programme at its pinnacle and to feel like a welcomed Matie and Pieke member. Pieke PSO has been under the advisement of a welcoming committee for several months, planning and executing all necessary precautions regarding the safety of each of our members, and those around us. As part of the national safety regulations, supplied by the WHO (World Health Organization), we shall maintain the basic ruling of not exceeding maximum capacity within buildings, nor outside events. This means that some of our events shall be structured differently this year to ensure the safety of all.

For instance, we would encourage all our member's parents/guardians with pressing questions to join our online Q&A session with our Prim and Vice Prim (the head of the welcoming committee). This would allow us to limit the numbers on the first day where we would interact at registration day. We kindly ask that all members always wear their masks, unless instructed otherwise by our safety officer.

This is the first year in which parts of our programme will be available to stream online, so be sure to follow our social media on Instagram @Piekepso to stay updated on when these live streams would occur, and make sure that you are added to the newcomers WhatsApp group. If you are struggling to find our platforms or are not on the WhatsApp group, please do not hesitate to contact any of the House Committee members contact details to be found further in the booklet.

The first meeting details, such as the date, time and venue, will be communicated to our prospective newcomers in the Welcoming Programme. This document will be distributed once all the details are finalised.

## **OUR VALUES**

## "HE IS"

#### **HONOUR**

To build our name with merit and maintain respect. Pieke values honour above all else - We attempt to live in such a way that we keep our ethics and name up high, regardless of where we may find ourselves.

#### **EXCELLENCE**

To exceed normal standards and expectations. To never be content with just enough, but to strive for what is better for yourself and the broader society. To give your best regardless of your situation. Excellence asks of you to step out of your comfort zone and challenge yourself.

#### **INTEGRITY**

To do what is right, regardless of whether or not people are watching. With integrity, you intend to live up to the ethics we pride ourselves in - To live such a life where gentlemanship is seen upfront.

#### **SERVICE**

Through serving others, we acknowledge their humanity. In acknowledging their humanity, we acknowledge our own. Pieke strives towards bettering the society through our capacity as its members. We believe that when you have enough to give, you should give. We as Pieke accept the responsibility to serve, in our humanity, each other and the world.

## ACADEMICS | SPORT | CULTURE

## ACADEMICS | SPORT | CULTURE

We are known for our traditions and pride. Being a home away from home, Pieke is an established PSO that gives each individual a place to flourish. Pieke aims to provide for the needs of every Pieke man, whether it is academics, sport or culture.

#### **Academics**

Here at Pieke PSO we take pride in our academics. As a student community, we understand the importance of academics and consider it a priority. The unforeseen implications of COVID-19 have allowed us to use an alternative approach to help and accommodate the needs of students in these uncertain times. We are here to assist you in any way possible and do it with a smile on our faces.

Rest assured in knowing that you are in the capable hands of our mentors, who are more than willing to go the extra mile for you. The newcomers are assigned to a senior Piekeman, who acts as a mentor, to assist and guide the student with any queries. All mentors are equipped with the necessary skills and are pre-approved by the university, and allocated according to their respective faculty to ensure that all of our members are provided with the necessary academic support.

## **Sport**

When it comes to the sports field, Pieke has been incredibly successful in a wide range of sporting activities. Our squash team has won the A league, against some of the strongest residences on campus, several times. We are the only PSO to have ever won the inter-residence swimming gala. Pieke is a strong competitor on the soccer and hockey fields, with both our teams participating in the strongest leagues. Pieke forms part of the PSO Barbarians rugby team, a team consisting out of players from different male PSOs. The PSO Barbarians is a force to be reckoned with in the Maties Residence Rugby League. We also participate in activities such as chess. In recent years Pieke has also performed in table tennis and recently won the second league title. When it comes to sport, Pieke has delivered several successful Maties sportsmen.

#### **Culture**

Embedded within its culture of Excellence, Pieke exhibits phenomenal strides on various cultural platforms. Pieke PSO currently holds the position as the only male PSO which has won both the SU Acapella (or formerly known as Kleinsêr) nationally, as well as Stellenbosch's very own – rites of passage - annual Molassesêr competition. Known as the gentlemen on campus, Pieke is often associated with its public activity of campus serenade, where we as Gentlemen would often be seen parading the streets and winning the crowds over with our musical talents (and if you cannot sing...do not worry Gents, we sound better as a group).

For those of you who would be interested in participating in the theatrical arts, Pieke PSO is the place to be. whether you are a trained actor or a complete beginner. Pieke PSO is well known for its theatre productions in the annual Toneelfees competition. Not only did we as a community hold the most awards from the previous round, but we had the opportunity to perform our production of 'Kantlyn' at the 2020 Toyota Woordfees festival.

#### **Culture - continued**

The philosophy around our Culture activities is to allow for both experienced and new coming artists the platform to excel. A testament to this statement could be seen in the cast of Kantlyn, where our Prim of 2020, Joshua Eva, took to the stage for the first time in his life and won the award for best supporting actor – a very proud moment to all those who wish to broaden their experiences on Varsity life.

## WHAT DOES PIEKE OFFER?

## WHAT DOES PIEKE OFFER?

## Vensters & Partnership

Vensters is a fun, student-driven, fundraising project in aid of Matie Community Service (MCS), better known as "MGD" - Matie Gemeenskapsdiens. Spectators can expect an explosion of sound and colour as the house partnerships illustrate their interpretation of the year's theme. Via innovative and creative storylines and original dances, spectators are taken on a journey through the imaginary world of students, each world being unique. All funds raised during this program fund the different student-driven community interaction projects. These projects are targeted at uplifting the Stellenbosch Community and instilling a culture of giving back amongst students.

This year, Vensters will be moved to the online platform. Each community will be submitting a video to the connect Youtube channel and an online voting process will commence determining this year's winners. **Pieke PSO** will be partnering with **Huis Erica** and **Heemstede Women's Residence** and we cannot be more excited to see the outcome of this partnership. **#PIEKERICSTEDE** 

#### Pieke Week

Pieke Week is one week of the year that is all about Pieke. We host different events and get-togethers every night of the week. The week culminates with the renowned Pieke Huisfondsdans.

The Pieke Week starts strong and builds **#GEES** from the get-go. The week opens with a trip to the stadium for some Varsity Cup, and it only gets better from there. This is a week for the members of Pieke to get to spend more time together and ensure a sense of brotherly bonding throughout the week. As previously mentioned, the week will end with a costumed event to finish the week on a high note.

#### **Events**

Throughout the year Pieke hosts multiple social events. Some of these aforementioned events include.

First Years Dance - The first official house dance that the newcomers will experience on campus

KKNK Tour - To the wildly popular KKNK tour alongside your fellow Pieke men accompanied by other residences

Braai at the Staai - Enjoy the South African tradition of braaing at the facilities provided by Pieke

Huisfondsdans - The second official house dance of the year

Piekeweek - One week on campus dedicated to Pieke activities (see Pieke Week above)

**Doughnut Eating Competition -** The name explains everything...

House Dance - The final and major formal dance hosted at the end of the year

House Socials - Regular socials held with other university houses

Johnson - Dunman Golf Classic - Partner up with a caddy from a different residence and enjoy a day of golf

Partnership Tour - The main tour at the end of the year hold alongside the following years Vensters partners)

## **E-Sports**

With the rise in this new competitive trend, Pieke has decided to take part. Pieke has an established platform to allow its members to create new e-sports teams in any category that they would wish to compete in. These teams can then compete against other residences for campus superiority and bragging rights. We also have a Discord channel to make communication easier between members. Other than the wider campus competitive scene Pieke also hosts in-house more casual events where players can compete for a grand prize.

#### Social Media

Pieke has a fresh, interactive, highly responsive Instagram page, where newcomers and current members can stay updated on upcoming Pieke events and Pieke related news. In light of the COVID-19 Pandemic, Social media has become a vital tool for PSO's and residences alike to keep in contact with their communities. Throughout the year, Pieke will be hosting informative and engaging live streams, competitions, and initiatives all through our IG page. Additionally, we now have a YouTube Channel too! Since COVID-19 has created a lot of uncertainty, we decided to adapt and expand our virtual presence. Our YouTube channel will allow us to reach more of our members. We will be able to upload longer videos that will be more versatile, informative, and even educational in a sense. If you have any questions, feel free to slide into our DM's!You can find links to all our Social media pages through our Instagram Account. @Pieke PSO

## **Social Impact**

Pieke is a very giving community that encourages service through intention. Social impact is one of our portfolios that focuses on giving back to those outside our Pieke community. It aims at identifying areas in the broader Stellenbosch community where we can provide time or other resources to make a difference in the lives of others. These initiatives are open for all Pieke and non-Pieke members to participate and can be a great way for you to live out the Pieke value of Service.

#### Pieke cookbook

The Pieke cookbook was an initiative that started in 2020 during the first hard lockdown as a way to inspire our members to broaden their horizons and try something new. The cookbook features easy to make, student-budget friendly recipes that break the mundane 2-minute noodle meal routine.

#### Virtual wellness - Strava

Pieke has recently created Strava is a physical wellness app where you can track your activity progress and see the improvement over the year. This app has kept us together in a sense as this provides a little bit of friendly competition between participants. The Pieke PSO club has activities straight through the week with members encouraging each other to do better and even becoming "training-buddies."

## WHAT IS CLUSTER?

The concept of a cluster was introduced in 2007 as a way to connect and involve private student organization (PSO) students with the activities and facilities available to students living in university residences.

Pieke PSO forms part of the Rubix Cluster, with Venustia PSO as well as Heemstede, Nerina and Metanoia making up the residences of Rubix Cluster. Besides being part of such a diverse and vibrant cluster, PSO students have the added benefit of being served meals at one of the three residences that form part of Rubix Cluster on Stellenbosch campus. PSO students will have access to these eating facilities over meal times and the cost of this service is payable at the cashiers in Admin A.

During Welcoming Week, Clusters create an opportunity for first years to meet new faces within their faculties as well, beyond the Pieke community, meaning that there will be plenty of familiar faces when class starts, making the transition from a newcomer to a fully-fledged Stellenbosch student much easier.

Throughout the year the Rubix cluster hosts a variety of events, ranging from socials to academic study and support groups. Pieke has gained a lot from being a part of the Rubix cluster, friendships have been formed, networks have been created and lifelong memories have been made. We encourage you to stay involved so that we can expand and improve the Rubix community.

# PSO COORDINATOR JETHRO GEORGIADES

Dear Pieke Newcomer.

Congratulations with your acceptance at Stellenbosch University and a warm welcome to Pieke. Studying at Stellenbosch University is a great honour and I wish you all the best as you enter this challenging yet exciting phase of your life. As a prospective first year, you stand at the beginning of an exciting period in your life.

As PSO Coordinator, I am responsible for managing Pieke, along with its House Committee and the Mentors. We are your support network that will assist with your academic and social integration at the University. Please, if you have any questions, do not hesitate to ask. Pieke believes in a value-driven system. We consider these values in all we do.

The last year has been an extremely challenging year for us all with 2021 lining up to be just as complex. In these tricky times our communities, relationships and ability to constantly evaluate our context has become more important than ever. The fallout from COVID19 has shown us just how unstable our world can be. This instability has also however brought the best out of us. We have forged new paths, built new relationships and innovated in ways we could never have imagined. The PSO Space has ensured that students, even when physically isolated from one another, still remain connected to each other as well as campus life.

I encourage you to make the most of this experience and to take a hold of each and every opportunity that comes your way. In today's world, a degree can only get you so far. Your experience at Pieke PSO is what will allow you to go further and to leave Stellenbosch University as a well-rounded graduate. Pieke is your portal to an exciting out-of-class and co-curricular experience which will go a long way to giving you an upper hand one day when you graduate.

We look forward to meeting you and I can assure you that you will be welcomed into our family with open arms.

Regards, Jethro G. Georgiades PSO Coordinator 021 808 2791 jethro@sun.ac.za www.sun.ac.za/pso

## MEET THE HOUSE COMMITTEE

The House committee consists out of a total of 11 individuals; 10 Student representatives were elected from the Pleke Community and in addition, a strategic advisor, from an external community, was appointed.

The House Committee will ensure that members of the Pieke Community have the necessary opportunities, throughout their University career, to develop as holistic individuals. The House committee as a leadership body, within the Stellenbosch University framework, is also responsible for upholding the rules and regulations of the University, the residence/PSO rules and the rules of the relevant cluster or house.

# PRIMARIUS CHRIS VAN VUUREN

## **ABOUT CHRIS**

Hello everyone & welcome to your home away from home – Pieke!

My name is Chris & I will be your Primarius for 2021. I am a final year BCom Management Accounting student with an immense love for this house. I started my journey with Pieke in 2018 & can say, without a doubt, that this place (and the people) have changed my life for the better! Coming from a small town far from here, Pieke has provided me with a home & safe space in Stellenbosch. I have created some of my favourite memories and met some of my best friends because of this house. I know some of you might be nervous about this change, but I am beyond excited to welcome you all into our family!

I am 22 years old, with a passion for music, sport & serving others. Some of my favourite past times include playing the guitar, going for walks in the suburbs of Stellenbosch, spending quality time with friends & playing FIFA. And yes, this is an open invitation to pop me a message & we can organise a quick game;). My only piece of advice to anyone reading this is the following – Embrace every moment & be happy. We accept everyone with open arms, so I have no doubt that you will fit right in!

Congratulations on being chosen to be part of the Pieke community!

My name is WS, but all my Pieke brothers know me as Dominee and I will be your Vice Primarius for 2021! You are about to embark on a journey where you will meet different people from different backgrounds and places. This might feel overwhelming at times where nothing is a constant, but you can always count on one thing: your Pieke brothers will have your back. Pieke was my first choice from day one and I can honestly say that this community has provided me with the foundation to grow as an individual and create everlasting friendships. How you write your University experience is solely up to you, as the saying goes "write on whiskey, edit on coffee". I am very excited for the year and journey together ahead! I am an avid meme collector and I love to hang out with my friends over a braai. All I can say from my side: Be Lekker, have Gees, and see you there!

# SECRETARY JACQUES TERBLANCHE

**Development** 

## **ABOUT JACQUES**

Welcome to Stellenbosch University! I am 3rd year mechanical engineering student and I come from the relatively small town of Knysna (cue the never-ending "nice né" jokes).

Pieke PSO, as a platform, is an exceptional opportunity for you to build your initial social network. I can ensure you that by utilising it, this provided platform, can only make your transition to University life so much easier, be it through meeting newcomers, seniors members or even your allocated mentors. I can also assure you that Pieke PSO has provided, to me personally, so many opportunities to network outside of my faculty and in addition, the opportunities to further develop myself as a person. If you have any questions, feel free to

ask!

## **HEAD MENTOR RUTGER VAN HUYSSTEEN**

### **ABOUT RUDI**

Good Day Gents! My name is Rutger van Huyssteen, but everyone calls me Rudi. I am super excited to be your Head Mentor for 2021 and super keen to see what this year holds for every one of us. I am a very joyful, optimistic, and outgoing person and I love meeting and working with new people. I am currently in my 3rd Year of BSc Geoinformatics and I am loving every moment of it. The strong brotherly bond that Pieke has, has been my support structure over the past couple of years. It has been a place where strangers at first have become my friends and now my family. During university, I have made friends and lost friends, but I have never lost my Pieke Brothers.

If ever you are looking for a friendly face or a safe space... hit me up.

**Socials & Sponsors** 

## **ABOUT TRISTAN**

What's up gents! I like to think of myself as an approachable guy, but I have been told that when I squint, I look angry. honestly, I blame my eyes being weak in the light. This will be my fourth year in Pieke. I went through Welcoming in 2018 as a First Year, then a Mentor, then as Welcoming Leader, now a House Committee member.

Pieke PSO is like no other, it is a place where strangers become friends, and friends become family. Many of us did not come to university with many friends from our hometowns, but that didn't stop us from getting involved with the PSO and building relationships stronger than any we have had before.

> Throughout your time at university and as a part of Pieke, you will come to realise that the relationships you build in these few years, stick with you for much longer than expected. I look forward to meeting each of you.

## STRATEGIC ADVISOR

**LEIGH NATUS** 

## **ABOUT LEIGH**

Welcome to Stellenbosch but more importantly, welcome to Pieke! You're going to get a lot of advice over the next few weeks and I want to encourage you to take it and run with it (or if you're as short as me, sprint with it to keep with everyone else).

Who am I? I am 22 years old and in my final year of BCom Investment Management. This will be my fourth Welcoming Programme, so I think that says enough about how fun and valuable this experience for both newcomers and seniors. I have a mild addiction to iced coffee and consider being short a personality trait (cue the dynamite comes in small packages cliché) so feel free to hit me with your best short joke. Super keen to meet each one of you!

# HOUSE COMMITTEE HEYNEKE NIEHAUS

Pieke is genuinely an amazing platform that can truly offer you plenty of opportunities and memories that you would never forget. I would strongly encourage you to use Pieke in order to chase what you love. I look forward to meeting you and I will always be available to any Pieke-gent if you would need me. My biggest piece of advice that I would give any newcomer is to remember the 3 B's -Balance, Breathe and Be yourself - Then you will be fine!

## **HOUSE COMMITTEE NYIKO NKETANE**

#### **ABOUT NYIKO**

I am a pretty easy going guy and always keen for a cool chat. My portfolios for this year are Development, 1st Years Committee guardian, and Clothing.

Welcome to Pieke! Throughout University you'll come to realize that there is less of an expectation to fit in or participate just because... The reality is that we strive to holistically develop our members throughout their time with us as well as encourage them to make valuable memories and friendships. We hope that you'll join our family because you want to be here and we will try and show you how that will be to your benefit.

Stoked to have you all a part of the Pieke Family.

Save tonight Fight the break of dawn Come tomorrow Tomorrow I'll be gone Save tonight Fight the break of dawn Come tomorrow Tomorrow I'll be gone There's a log on the fire and it burns like me for you Tomorrow comes with one desire... to take me away. It ain't easy to say goodbye, darling please don't start to cry. 'Cause girl you know I've got to go, Oh Lord I wish it wasn't so

Save tonight Fight the break of dawn Come tomorrow Tomorrow I'll be gone Save tonight Fight the break of dawn Come tomorrow Tomorrow I'll be gone Tomorrow comes to take me away I wish that I, that I could stay but girl you know I got to go, oh and Lord I wish it wasn't so Save tonight Fight the break of dawn Come tomorrow Tomorrow I'll be gone Save tonight Fight the break of dawn Come tomorrow Tomorrow I'll be gone Save tonight

## HOUSE SONG: (to the melody of "oh my darling")

In die skadu's van die Pieke Bly 'n trotse Maties stam

Woon die manne van 'n huis In hul oë der vuur en vlam

Tussen wingerd, see en berge Troon die Pieke hoog en trots

> Die berge is ons woning En die woning ons rots

> > Firm and steadfast Bring us glory

We will strive to win it all

Ons is ewig in ons strewe - altyd ewig

PIEKEMAN!

Dear Student

CHARGING FIRST YEAR WELCOMING PACKAGES TO STUDENT ACCOUNTS Welcome to the PSO community of Stellenbosch University! You have been assigned to a PSO (private student organisation) due to the fact that you have not elected to stay in a residence in 2021. During the annual welcoming period in the beginning of the year, residences and PSOs take responsibility for exposing first years to Stellenbosch University in a welcoming manner.

Because PSOs do not have a dining hall (although some PSO's will arrange meals for their students in dining halls during the welcoming period) where students can enjoy meals, PSO first years are provided with "welcoming packages". These packages usually consist of a number of meals, clothing, water bottles, caps and other items unique to the particular PSO. During PSO registration on the first day of Welcoming (Tuesday 2nd or Wednesday 3rd March 2021), you will have the option of purchasing one of these welcoming packages at a set price (which may vary from PSO to PSO). Each PSO will also offer different options (both clothing and meals, only meals, only clothing, etc.) that students can then select. Please see the bottom of this email for more information.

Stellenbosch University utilizes a cashless system to allow students to purchase these packages hassle free. You, or your parents or guardian, will have to sign an acknowledgement of debt on the day so that the clothing, food, etc. for the welcoming period can be made available to you. After registration the cost will be charged to your student account to be paid with all other student-related expenses. Please note that once the form is signed you will be liable for the costs of the package selected, regardless of you having all the meals or not, or not wanting the clothing after the first few days.

Acquiring the "welcoming packages" is not compulsory, but we do want to encourage you to take the opportunity to do so as it will make your welcoming period a much more enjoyable experience. Please find attached the form for your completion. You are welcome to print the form and bring it along.

If you have any questions, feel free to contact me at 021-808 3023 / 2791 or pso@sun.ac.za
