

# treated **GREY WATER SYSTEM**

Keep our  
systems healthy

## *Do's & Dont's*

### WE ASK YOU NOT TO

**Don't clean your dishes & pots in the shower**  
*(it clogs the filters and upsets the chemical balance).*

**Don't allow condoms, sanitary products etc down the drain - keep the filter grid in place** *(it clogs the filters).*

**Don't urinate in the shower** *(the disinfectant does not kill the smell).*

**Don't empty floor mop water in the shower** *(it disrupts the chemical balance).*

### WE ENCOURAGE YOU TO

**Keep the shower filter in place.**

**Only put water, soap and shampoo down the drain. Use environmentally friendly shampoos and soaps.**
