

# MSc or MScAgric in Nematology

## **Programme Code**

5981001 or 2731011

## **Specific Admission Requirements**

- A BScAgric degree or a BScHons degree in a suitable subject field.
- An average final mark of 60% for the major subject.

## **Duration of Programme**

This programme extends over a minimum of one year but may take longer to complete.

## **Programme Content**

You determine your topic for the master's degree programme in consultation with the lecturer concerned. You can select a topic from fields which include morphology and systematics, biological control and integrated pest management of insects.

## **Compulsory Module**

43850: Nematology	818 / 878 (180): Master's thesis
-------------------	----------------------------------

## **Assessment and Examination**

After completion of the research you must submit a thesis to the satisfaction of the examiners and present a seminar. You will be expected to defend your thesis during this seminar.
