Programme content

Programme module

You must earn a total of at least 120 credits for this programme.

| Code | Module | Credits | Module Name | Semester |
|-------|--------|---------|-------------------------|----------|
| 13760 | 778 | 120 | Transport and Logistics | Both |

You must combine your modules for this programme as follows:

- If you have only limited experience in Logistics Management and Transport Economics (in other words you did not take it up to third-year level), you must enrol for the two compulsory modules Introduction to Transport Economics 711 and Introduction to Logistics Management 711. This means that you must take all **three** compulsory modules and **five** elective modules to make up 120 credits.
- If you have Logistics Management or Transport Economics at third-year level, you cannot enrol for the two introductory modules. This means that you must enrol for **one** compulsory module (Analysis Tools and Techniques 711) and **seven** elective modules to make up 120 credits.

Compulsory modules (45 or 15 credits)

To determine which modules are compulsory for you, please see the explanation above.

| Code | Module | Credits | Module Name | Semester |
|-------------|---------------|----------------|--------------------------------------|-----------------|
