

### 5.3.1.3 MMed Dermatology MMed (Derm)

#### Specific admission requirements

This programme does not have specific admission requirements. The general admission requirements for MMed programmes as mentioned in section 5.3.1 above are applicable.

#### Duration of programme

The programme extends over four years.

#### Programme content

Please note that modules run concurrently and not consecutively. All modules are compulsory.

#### First and second year

Basic Sciences	872(120)
----------------	----------

The module includes all the basic sciences relevant to the practice of Dermatology, e.g. Anatomy, Histology, Physiology and Pathology.

#### First to fourth year

Clinical Dermatology	873(240)
----------------------	----------

#### First to third year

Research Assignment	828(120)
---------------------	----------

#### Assessment and examination

- Basic Sciences:
  - To complete the module successfully, your attendance must be satisfactory and you must obtain a mark of at least 50% in the FC Derm (SA) Part I examination.
  - You must pass the Part I examination within eighteen months, and preferably within one year, of registration.
  - If you do not meet this requirement, you must vacate the registrar post and you will be excluded from the rest of the MMed (Dermatology) programme.
  - Only in exceptional cases and on submission of an appropriate motivation, will the Postgraduate Programme Committee of the Division of Dermatology consider continuation of your service in a registrar post and further attendance of the programme.
- Clinical Dermatology:
  - To complete the module successfully, your participation must be satisfactory whilst working as a registrar in the Division and you must obtain a mark of at least 50% in the FC Derm (SA) Part II examination.
  - You will be assessed regularly as part of the flexible assessment strategy and you must keep a portfolio of your clinical exposure and experience with procedures.
- Research Assignment:
  - You must have the research protocol registered within one year and complete the research assignment within three years of registration.
  - The research assignment must be submitted in the form of an article ready for publication.
  - You must complete this module before you can take the final FC Derm (SA) Part II examination.
- The final mark for the degree is calculated as follows:
  - Basic Sciences – 25%;
  - Clinical Dermatology – 50%; and
  - Research Assignment – 25%.
