

### 5.3.2.9 MSc in Human Genetics

#### Specific admission requirements

The following specific admission requirements apply in addition to the general admission requirements for MSc programmes as mentioned in section 5.3.2 above:

- If you have a BTech qualification:
  - you will be considered for admission if you have passed the BTech degree with a minimum of 60%; and
  - then you will be admitted if you pass the BScHons examination in the relevant field of study as a preliminary examination with a minimum mark of 60%.

#### Application procedure and closing date

Apply online at [www.maties.com](http://www.maties.com) by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

#### Duration of programme

The programme extends over two years.

#### Programme description

This is a thesis-based programme with no study modules. The programme consists of a research project, thesis and project presentation. You compile the research proposal with the help of the supervisor and present it to the Committee for Postgraduate Teaching.

#### Programme content

Thesis: Human Genetics	872(180)
------------------------	----------

#### Assessment and examination

- You must complete a research project.
- Progress is monitored continuously by the supervisor.
- Research results must be presented in a thesis that is assessed by an internal and external examiner and a project presentation must be delivered.
- The final mark is calculated from the marks obtained for the research project (supervisor's mark), thesis (internal and external examiner) and project presentation.
- You must obtain 50% to pass and 75% to pass with distinction.
