

### 5.3.2.13 MSc in Medical Physics

#### Specific admission requirements

- A BScHons degree of this University, with Medical Physics as subject; or another bachelor's or honours degree approved by Senate; or you must have otherwise attained a standard of competence deemed adequate for such purposes by Senate.
- Registration as a medical physicist with the Health Professions Council of South Africa.

#### Application procedure and closing date

Apply online at [www.maties.com](http://www.maties.com) by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

#### Duration of programme

The programme extends over two years.

#### Programme description

The initial research proposal is approved by a departmental research committee and by the Health Research Ethics Committee of the Faculty of Medicine and Health Sciences.

#### Programme content

Thesis: Medical Physics	872(180)
-------------------------	----------

#### Assessment and examination

- You must complete a research project, which is assessed according to University guidelines through a process of internal and external examination.
- The final mark is calculated from the marks obtained for the research project, thesis and oral examination.
