

### 5.3.2.14 MSc in Medical Physiology

#### Specific admission requirements

The following specific admission requirements apply in addition to the general admission requirements for MSc programmes as mentioned in section 5.3.2 above:

- If you have a BTech qualification:
  - you will be considered for admission if you have passed the BTech degree with a minimum of 60%; and
  - then you will be admitted if you pass the BScHons (Medical Physiology) examination as a preliminary examination with a minimum mark of 60%.

#### Application procedure and closing date

Apply online at [www.maties.com](http://www.maties.com) by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

#### Duration of programme

The programme extends over two years.

#### Programme description

The programme consists of an extensive research project, leading to the submission of a thesis. The subject of the project is determined in close liaison with your supervisor, and should preferably fall within the area of expertise of the Division of Medical Physiology. The initial research proposal is approved by a departmental research committee and the Health Research Ethics Committee of the Faculty of Medicine and Health Sciences. Progress with experimental work is monitored continuously by the supervisor.

#### Programme content

Thesis: Medical Physiology	882(180)
----------------------------	----------

#### Assessment and examination

- You must complete a research project, leading to a thesis that is assessed according to University guidelines through a process of internal and external examination.
