

5.3.2.22 MSc in Reproductive Biology

Specific admission requirements

The following specific admission requirements apply in addition to the general admission requirements for MSc programmes as mentioned in section 5.3.2 above:

- If you have a BTech qualification:
 - you will be considered for admission if you have passed the BTech degree with a minimum final mark of 60%; and
 - then you will be admitted if you pass the BScHons examination in the relevant field of study as a preliminary examination with a minimum examination mark of 60%.

Application procedure and closing date

Apply online at www.maties.com by **30 September** of the previous year. Applications for prospective international students close on **31 August**.

Duration of programme

The programme extends over one year on a full-time basis or two years on a part-time basis.

Programme description

This programme entails an independent research project in the field of reproductive biology (andrology and/or in vitro fertilisation), which culminates in a thesis that constitutes 100% of the final mark for the programme. The research project is selected according to your background and interests and in support of the Faculty's research focus areas. The initial research proposal is approved by a departmental research committee, as well as by the Health Research Ethics Committee of the Faculty of Medicine and Health Sciences. Progress with experimental work is monitored continuously by the supervisor.

Programme content

Thesis: Reproductive Biology	872(180)
------------------------------	----------

Assessment and examination

- The completed research project must be submitted in the prescribed format and will be assessed by both internal and external examiners.
