

# MSc in GeoInformatics

## *Programme Code*

12279 – 879(180)

## *Specific Admission Requirements*

- A BScHons degree in GeoInformatics or an approved equivalent qualification.
- An average final mark of 60% for the major.

## *Programme Content*

The development, implementation, management and application of spatial technologies for managing resources, and for spatial analysis and modelling of environmental geographical phenomena and problems are dealt with in this programme.

## *Compulsory Modules*

Subject Number	Module Code	Credits	Module Name	Semester
12280	875	180	Thesis GeoInformatics	Both

## *Assessment and Examination*

You must submit a thesis. Although the programme is presented in English, discussions and reports can be presented in English or Afrikaans. The 100% thesis is examined according to the University's provisions in Part 1 (General) of the University Calendar.

## *Further study possibilities*

The successful completion of the MSc in GeoInformatics leads to a PhD in GeoInformatics.
