### **Dear member of the Stellenbosch University community**

**It is an honour and a privilege for me to bring this message to our graduation ceremonies.**

The past year had its difficulties. The severity of the Covid-19 pandemic has declined in 2022, but the Stellenbosch University (SU) community confronted many other real difficulties.

Untoward incidents on campus reminded us that we have a long way to go in learning to live with and respect each other, and to join hands in working for our future together.

But amidst so many difficulties, you have succeeded in graduating – and this says great things about your future and ours!

This week, we are enormously proud of the cascade of hard-won degrees, diplomas and certificates we confer at these ceremonies. Students, lecturers, supervisors, support services staff and management – each one of you have played a critical part in ensuring that Stellenbosch University continues to flourish.

And without the support that loving friends and family have willingly given, many students would not be here today to celebrate their achievements – so, to them, too, a heartfelt thank you.

A further word of appreciation to our generous-hearted donors and sponsors. They have indispensably helped our graduands to keep working, to learn and apply dedication and purpose, until the very end, to crown today's achievements.

#### **To each and every graduand:**

May the pride and joy with which we celebrate your achievement today develop over time into something even more valuable – a richer sense of duty and responsibility. Your new status means you can use the knowledge, skills and networks from your studies at Stellenbosch University to make our country, continent and the world better.

More than ever, it is your enriching and empowering choice to help shape society and make a definable difference in your community.

I wish you joy, success and fulfilment in the next phase of your life's journey.

**Retired Justice Edwin Cameron  
Chancellor**

### **Geagte lid van die Universiteit Stellenbosch-gemeenskap**

**Dit is vir my 'n eer en 'n voorreg om hierdie boodskap vir ons gradeplegtighede te lewer.**

Die afgelope jaar het sy probleme gehad. Hoewel die erns van die Covid-19-pandemie in 2022 afgeneem het, is die Universiteit Stellenbosch (US) en sy gemeenskap deur verskeie ander probleme geteister.

Ongewenste voorvalle op kampus het ons daaraan herinner dat ons nog 'n lang pad moet stap om te leer hoe om saam met mekaar te lewe en hoe om mekaar te respekteer, en ook hoe om saam 'n toekoms te bou.

Maar te midde van alles het julle daarin geslaag om julle kwalifikasie suksesvol te voltooi – en dit spreek wonderlike boekdelle oor julle én ons toekoms!

Ons is vandeesweek ongelooflik trots daarop om die menigte grade, diplomas en sertifikate waarvoor daar so hard gewerk is, by hierdie plegtighede te kan toeken. Studente, dosente, toesighouers, steundienstpersoneel en bestuur – elkeen van julle het 'n uiters belangrike rol gespeel om te verseker dat die Universiteit Stellenbosch verder floreer.

En sonder die ondersteuning wat geliefde familie en vriende so onvoorwaardelik bied, sou talle studente nie vandag hier kon wees om hulle prestasie te vier nie – so, ons sê uit ons hart uit ook dankie aan hulle.

'n Woord van waardering gaan ook aan ons ruimhartige donateurs en borge. Hulle onontbeerlike hulp het ons graduandi gehelp om tot aan die einde met toewyding en doelgerigtheid aan te hou werk en aan te hou leer sodat hulle vandag die vrug van hulle arbeid kan pluk.

#### **Aan alle graduandi:**

Mag die trots en vreugde waarmee ons vandag julle prestasie vier, met die verloop van tyd in iets nog waardevoller ontwikkel – 'n ryker sin van plig en verantwoordelikheid. Julle nuwe status beteken julle kan nou die kennis, vaardighede en netwerke van julle studentejare by die Universiteit Stellenbosch gebruik om ons land, vasteland en die wêreld 'n beter plek te maak.

Dit is nou nog meer as te ooit te vore julle verrykende en bemagtigende keuse om te help om die samelewing te vorm en om 'n werklike verskil in julle gemeenskap te maak.

Ek wens julle vreugde, sukses en vervulling toe met die volgende fase van julle lewensreis.

**Oudregter Edwin Cameron  
Kanselier**

### Dear Matie graduand

Firstly, congratulations!

The main goal of enrolling at university, firstly, is to graduate, and today you're achieving that. This must be celebrated, so I want to say well done to you and everyone who has championed you along the way.

Secondly, your qualification from Stellenbosch University will open doors, no matter where you are in the world. Despite our challenging year, our international reputation is more than intact. We've built strong networks and purposeful partnerships, and the international community is keen to see what impact our graduates will have.

In 2020 and 2021, when the pandemic was still very much at the forefront of everything we did, our objective was simple: complete the academic year. And yet, because of the agility and can-do spirit of our staff and students, we managed to surpass this objective and thrive.

And in 2022 we were able to go even further. Our staff and students across the academic spectrum proved that SU nurtures and advances innovation.

This is not to say we didn't face significant challenges. The unfortunate incidences at our University have forced us to reflect on what it truly means to be an inclusive institution. But reflection also requires action, and we will do everything necessary to ensure SU is a place where everyone feels welcome and heard.

I know the lessons you've learnt here will stand you in good stead, and I hope you will continue to live by SU's values – excellence, compassion, equity, respect and accountability.

We'd like you to stay in touch and be part of SU's future through our alumni network. Please visit [www.matiesconnect.com](http://www.matiesconnect.com), where you'll be able to maintain ties with your University friends, view job offers and find mentors and networking opportunities – all in one place. SU will always be your academic home, and a strong alumni network is not only beneficial for our University but will also enhance your professional development going forward.

Good luck with what the future holds, until we meet again!

**Prof Wim de Villiers**

### Beste Matie-graduandus

Eerstens, baie geluk!

Die hoofdoel daarvan om by 'n universiteit in te skryf, is eerstens om te gradueer, en vandag bereik jy hierdie doelwit. Dit moet gevier word. Daarom wil ek aan jou sê: Knap gedaan aan jou en elkeen wat jou op hierdie reis ondersteun het.

Tweedens sal jou kwalifikasie van die Universiteit Stellenbosch vir jou deure open, ongeag waar jy jou ook al in die wêreld bevind. Ondanks ons uitdagende jaar, is ons internasionale reputasie meer as ongeskonke. Ons het sterk netwerke en doelgerigte vennootskappe gebou en die internasionale gemeenskap is gretig om te sien watter trefkrag ons gegradeerde gaan hê.

Te midde van die allesoorheersende pandemie in 2020 en 2021 was ons doelwit eenvoudig: Voltooi die akademiese jaar. Maar danksy ons personeel en studente se veerkrachtigheid en 'n ingesteldheid van ons-gaan-dit-regkry, kon ons hierdie doelwit oortref en floreer.

En in 2022 kon ons selfs verder gaan. Ons personeel en studente regoor die akademiese spektrum het bewys dat die US innovasie kweek en bevorder.

Dit beteken nie ons het nie aansienlike uitdagings beleef nie. Die ongelukkige voorvalle by ons Universiteit het ons gedwing om na te dink oor wat dit werklik beteken om 'n inklusiewe instelling te wees. Maar nadenke vereis ook aksie, en ons sal alles wat nodig is, doen om te verseker dat die US 'n plek is waar almal welkom voel en dat daar na hulle geluister word.

Ek weet die lesse wat jy hier geleer het, sal jou handig te pas kom en ek hoop jy sal voortgaan om die US se waardes – uitnemendheid, deernis, billikheid, respek en verantwoordbaarheid – uit te leef.

Ons wil graag hê jy moet in aanraking bly en deel word van die US se toekoms deur middel van ons alumni-netwerk. Besoek gerus [www.matiesconnect.com](http://www.matiesconnect.com) waar jy jou bande met jou Universiteitsvriende kan behou, werkgeleenthede kan sien en mentors en netwerkgeleenthede sal vind. Die US sal altyd jou akademiese tuiste bly en 'n sterke alumni-netwerk strek nie net tot voordeel van ons Universiteit nie, maar sal ook vir jou professionele ontwikkeling op jou pad vorentoe voordelig wees.

Alle voorspoed vir die toekoms, tot ons weer ontmoet!

### Ernest Aryeetey

*for his discerning and innovative leadership in the higher education sector in Africa, his commitment to creating platforms to build research and innovation capacity on the continent, and sharing his expertise through his scholarly contributions.*

As a well-respected thought leader in higher education, Prof Ernest Aryeetey has made an enormous contribution to the sector, not only in his home country of Ghana, but across Africa.

Aryeetey is the founding secretary-general of the African Research Universities Alliance (ARUA), a network of universities who focus on building research capacity on the continent. Following its establishment, he spearheaded the identification of 13 research areas to facilitate interdisciplinary research collaborations and established 11 ARUA centres of excellence. These include the ARUA Centre of Excellence in Energy at Stellenbosch University.

A professor of Economics and former vice-chancellor of the University of Ghana (2010-2016), he has held academic appointments at the School of Oriental and African Studies (London) and at Yale University and Swarthmore College (both in the United States). His research focuses on the economics of development, and he is well known for his work on informal and microfinance in Africa.

He is a member of the governing council of the United Nations University (UNU) and a former chair of the advisory board of the UNU World Institute for Development Economics Research (Helsinki).

*vir sy vernuigende en innoverende leierskap in die hoëronderwys-sektor in Afrika, sy verbintenis tot die skep van platforms om navorsings- en innovasievermoë op die vasteland te bou, en die oordrag van sy kennis deur vele vakkundige bydraes.*

As 'n hoog aangeskrewe denkleier in die hoër onderwys, het prof Ernest Aryeetey 'n enorme bydrae tot die sektor gelewer, nie net in sy geboorteland Ghana nie, maar oor die hele Afrika.

Aryeetey is die stigtersekretaris-generaal van die Afrika-navorsingsuniversiteitsalliansie (ARUA), 'n netwerk universiteite wat hulle op navorsingsvermoëbou op die vasteland toespits. Nadat ARUA tot stand gebring is, het Aryeetey die leiding geneem en 13 navorsingsgebiede geïdentifiseer om interdissiplinêre navorsingsamewerking te faciliteer, en ook 11 ARUA-sentrums van uitnemendheid gestig. Een daarvan is die ARUA Sentrum van Uitnemendheid in Energie aan die Universiteit Stellenbosch.

Dié professor in Ekonomiese en voormalige visekanselier van die Universiteit van Ghana (2010-2016) het akademiese poste by die Skool vir Oosterse en Afrikastudie (Londen) en by sowel Yale-universiteit as Swarthmore-kollege (albei in die Verenigde State) beklee. Sy navorsing handel oor die ekonomie van ontwikkeling, en hy is veral bekend vir sy werk oor informele en mikrofinansiering in Afrika.

Hy is 'n lid van die beheerraad van die Verenigde Nasies-universiteit (VNU) en 'n voormalige voorzitter van die adviesraad van die VNU Wêreldinstituut vir Navorsing oor die Ontwikkelingsekonomie (Helsinki).

#### **Psychological appraisal in personal engagement: the influence of mindsets**

The study investigated the role of psychological appraisal in the development of personal engagement, focusing on goal orientations and core self-evaluation as underlying cognitions influencing how people subjectively interpret objective features in their environment. The study used a cross-sectional correlational design with a sample of 368 academics from three universities, while controlling for objective features in the situation. The structural model produced acceptable fit statistics, and overall, the model explained 87% of variance in the personal engagement construct. The study shows that in order to fully understand personal engagement, consideration needs to be given to both the objective environment and people's subjective, internal interpretation and experiences of the environment and themselves.

# CHANCELLOR'S AWARD | KANSELIERSTOEKENNING

## Faculty of Economic and Management Sciences Fakulteit Ekonomiese en Bestuurswetenskappe

### Johann Kirsten

The Chancellor's Award is made to Professor Johann Kirsten to honour his exceptional contribution to research and evidence-led policy advice in the important area of agricultural policy. During an academic career spanning more than 25 years, he has published 130 articles in peer-reviewed journals and co-edited 6 books, in addition to successfully supervising 77 master's and 30 PhD students. Professor Kirsten previously served as a member of the National Agricultural Marketing Council for a decade and currently serves as an independent non-executive director of the Land Bank. He is an influential thought leader through his regular contributions to print, radio and television discussions.

Die Kanselierstoekenning word aan professor Johann Kirsten gedoen ter verering van sy buitengewone bydrae tot navorsing en bewysgedrewe beleidsadvies op die belangrike gebied van landboubeleid. In sy akademiese loopbaan van meer as 25 jaar het hy 130 artikels in ewekniebeoordeelde vaktydskrifte gepubliseer en was die mederedakteur van 6 boeke. Hy was boonop die studieleier van 77 suksesvolle meestersgraad- en 30 PhD-studente. Professor Kirsten het vroeër 'n dekade lank as lid van die Nasionale Landboubemarkingsraad gedien en is tans 'n onafhanklike, nie-uitvoerende direkteur van die Landbank. Hy is 'n invloedryke denkleier deur sy gereelde bydraes tot besprekings in die gedrukte media, oor die radio en op televisie.

**CHANGOLE**, Prince Maziko (Economics)

#### An empirical analysis of merger adjudication in South Africa

The ex-post assessment of policy enforcement is critical to efficient and effective policymaking. This study provides an ex-post assessment of merger adjudication decisions in South Africa. It presents a newly compiled dataset of large-merger decisions by South African competition authorities. This dataset allows a study of the impact of various competition and public interest provisions in South African competition law on the duration of the merger adjudication process and on the probability of a merger being approved. Beyond the quantitative analysis, the study also presents a descriptive assessment of the key drivers of merger prohibition in South Africa.

*Supervisor:* Prof WH Boshoff

**GANGAIDZO**, Trust (Economics)

#### Socioeconomic status and chronic diseases in South Africa

The global burden of non-communicable diseases is on the rise, and is expected to increase. This study examined the role of inequality in socioeconomic status in the development of chronic diseases in South Africa. To achieve this, the study had three objectives: (1) to examine how exposure to negative household events and neighbourhood characteristics relates to systolic blood pressure in South Africa; (2) to determine socioeconomic factors that explain depressive symptoms in South Africa; and (3) to ascertain the influence of the Covid-19 pandemic on income-related inequality in depressive symptoms in South Africa.

*Supervisor:* Prof R Burger

*Co-supervisor:* Dr M von Fintel

## CHANCELLOR'S AWARD | KANSELIERSTOEKENNING

### Responsibility Centre: Research, Innovation and Postgraduate Studies Verantwoordelikheidssentrum: Navorsing, Innovasie en Nagraadse Studies

#### Eugene Cloete

SU Council unanimously passed the following motion to acknowledge his contribution:

"Professor Cloete leaves behind a healthy portfolio and did tremendous work to establish an outstanding, leading research-intensive university, develop important partnerships and, at the same time, further expand postgraduate studies as an important sustainable building block to support research." He established cutting-edge entities, including the School for Data Science and Computational Thinking and the School for Climate Studies. Research outputs, research chairs, research funding and postdoctoral fellowships more than doubled during his tenure. He received the ASSAf Gold Medal and the NSTF/South32 award for research leading to innovation. At national level, he contributed to building capacity and strengthening leadership skills among university leaders through initiatives of the Entrepreneurship Development in Higher Education programme, hosted by the Department of Higher Education and Training and Universities South Africa.

Die US Raad het eenparig die volgende mosie aanvaar om sy bydrae te erken:

"Professor Cloete laat 'n gesonde portefeuilje na en het uitstekende werk gedoen om 'n uitstaande, toonaangewende navorsingsintensiewe universiteit te vestig, belangrike vennootskappe te ontwikkel, en terselfdertyd nagraadse studie uit te brei as 'n belangrike volhoubare bousteen om navorsing te ondersteun." Hy het voorpunt-entiteite gevestig, insluitende die Skool vir Datawetenskap en Rekenaardenke en die Skool vir Klimaatstudies. Navorsingsuitsette, navorsingsleerstoele, navorsingsbefondsing en nadoktorale genootskappe het meer as verdubbel tydens sy ampstermy. Hy ontvang die ASSAf goue medalje en die NSTF/South32-toekenning vir navorsing wat tot innovasie lei. Op nasionalevlak dra hy by tot die uitbou van kapasiteit en die versterking van leierskapvaardighede van universiteitsleiers deur inisiatiewe van die Entrepreneurskapsontwikkeling in Hoër Onderwysprogram, aangebied deur die Departement van Hoër Onderwys en Opleiding en Universiteite Suid-Afrika.

# CHANCELLOR'S AWARDS | KANSELIERSTOEKENNINGS

## Faculty of Economic and Management Sciences Fakulteit Ekonomiese en Bestuurswetenskappe

### Reta Gelderblom

The Chancellor's Award is made to Mrs Reta Gelderblom for her exceptional contribution as senior administrative officer in the Department of Economics in the Faculty of Economic and Management Sciences. She is responsible for administering the Department's undergraduate programme. Her outstanding performance is based on unwavering, quality service delivery for more than two decades to approximately 2 750 undergraduate students and 25 staff involved in teaching the undergraduate modules. Her meticulous planning and efficient task execution have been commended by students and staff. Her adaptability and commitment to her tasks have made her the backbone of teaching and learning activities in the Department.

Die Kanselierstoekenning word aan mev Reta Gelderblom gedoen vir haar uitnemende bydrae as senior administratiewe beampte in die Departement Ekonomie in die Fakulteit Ekonomiese en Bestuurswetenskappe. Sy is verantwoordelik vir die administrasie van die Departement se voorgraadse program. Haar uitsonderlike prestasie is te danke aan haar onwrikbare lewering van gehaltesdiens vir meer as twee dekades aan sowat 2 750 voorgraadse studente en die 25 personeel betrokke by die onderrig van voorgraadse modules. Haar noukeurige beplanning en doeltreffende taakverrigting word deur studente en personeel geprys. Haar aanpasbaarheid en toewyding tot haar take maak haar die ruggraat van onderrig- en leeraktiwiteite in die Departement.

### Ina Kruger

The Chancellor's Award is made to Mrs Ina Kruger for her exceptional contribution as secretary of the Department of Economics in the Faculty of Economic and Management Sciences. She is solely responsible for all secretarial services to a department with approximately 38 staff members and 2 900 students. She has also assumed responsibility for tasks outside the ambit of her normal duties, completing work related to financial and research administration. The extent and quality of her services are consistently of the highest order. She is dedicated and resourceful and is the administrative pillar supporting the achievements of our students and staff.

Die Kanselierstoekenning word aan mev Ina Kruger gedoen vir haar uitnemende bydrae as sekretaresse van die Departement Ekonomie in die Fakulteit Ekonomiese en Bestuurswetenskappe. Sy is uitsluitlik verantwoordelik vir alle sekretariële dienste vir 'n departement met ongeveer 38 personeellede en 2 900 studente. Sy het ook verantwoordelikheid aanvaar vir take buite die bestek van haar gewone pligte en onderneem finansiële en navorsingsadministrasie-take. Die omvang en gehalte van haar diens is deurgaans van die hoogste gehalte. Sy is toegewyd en vindingryk en is die administratiewe steunpilaar wat die prestasie van ons studente en personeel ondersteun.

**ACHAMEESING**, Bhoopun Kumar Amit Kooshal (Development Finance)

#### Total Effects of Bank Credit on Economic Growth in Mauritius: A Time-Varying Coefficient Estimation of the Quantity Theory of Disaggregated Credit

This study used a time-varying coefficient model supplemented with so-called coefficient drivers to test quantitative easing (QE) in its original form by estimating the total effects of bank credit for gross domestic product (GDP) transactions on nominal GDP (NGDP) in Mauritius. The proposed method improves on previous QE tests by Werner and co-authors to confirm that increases in bank credit specifically targeting GDP transactions alone have positive effects on NGDP growth, while lending to purely financial sectors does not. Based on these findings, the study found that QE interventions favouring GDP types of lending, in particular 'investment in machines', may be warranted.

**BANDA-THOLE**, Chikondi Hansini (Public and Development Management)

#### A Study of the Factors Influencing Tourism Performance in National Parks: A Comparative Study of Kafue and South Luangwa National Parks

South Luangwa National Park has received nearly three times the number of tourists received by Kafue National Park, and also generates higher revenue returns. Both fall into Zambia's revenue park category and are expected to thrive as tourist destinations. Research among tourists, tourism businesses and key informants revealed the key reasons for South Luangwa's relative success, and the challenges hindering Kafue's growth. The study employed destination development theory and environmental governance theory to explain differences in their evolution and resource management. The study provides methodological insight into determining the performance of wildlife tourism in other African national parks.

**CHICOMBO**, Adélia Filosa Francisco (Public and Development Management)

#### Gendered energy transition in Mozambican urban households

Existing energy transition frameworks in urban Africa lack a gender perspective. This study contributes to the body of knowledge on energy transition at a household level through the development of a novel gendered framework to address biomass dependence in developing countries. The study applied the framework to Mozambican urban households to inform policy on improving universal energy access stipulated in SDG 7 and achieving gender equality stipulated in SDG 5. The study findings revealed the need to implement gender-sound strategies based on a local assessment of gendered energy services. The gendered strategies require interaction between the market, government and civil society.

Supervisor: Prof JK Musango  
Co-supervisors: Profs S Mamphweli, Z Ndevu

**ELSHERIF**, Reem Hesham Ahmed Wafai Ali (Development Finance)

#### Essays on Gender Spillovers from Foreign Direct Investments: The Namibian Experience

Conventional labour spillovers in foreign direct investments fail to consider the gender dimension. This study computed gender-specific spillover effects of foreign direct investments, which were found to be stronger than the total labour spillovers. A further analysis of the determinants and productivity effects of gender spillovers using Namibia as a case showed that manufacturing firms are significant drivers of gender spillovers and that gender spillovers increase productivity in organisations with experienced managers. The study also offers important contextual and regulatory insights into strengthening foreign firms' ability to invest in female labour and promote knowledge exchange.

Supervisor: Prof CKD Adjasi  
Co-supervisor: Prof M Graham

**GEBRIHET**, Hafte Gebreselassie (Public and Development Management)

### An Assessment of Urban Land Administration in Ethiopia: Evidence from Mekelle City

This study examined the challenges of urban land administration in Mekelle City, Ethiopia, focusing on good governance, land market and land policies. The study found that the decentralised nature of Ethiopia's urban land administration has enabled regional states to pursue their own way in the urban land market and policy. However, this was characterised by weak governance due to policy and market failures. The study advocates that accountability, transparency, the rule of law and public participation are critical priorities in urban land administration. The study contributes to SDG 11 by tracing the performance of land governance, land market and land policy towards sustainable land use and development.

**KADHILA**, Timoteus (Public Development and Management)

### Transitioning to sustainable waste management models: The case of Langebaan and Swakopmund municipalities

This study interrogated how a circular economy model for waste management in two coastal towns, namely Langebaan and Swakopmund, would work. A framework for best practices in circularity for small municipalities was developed for immediate consideration by Langebaan and Swakopmund municipalities, and any other small municipality that wishes to use principles of a circular economy for waste management. The study recommends that policy makers in government and small municipalities should revise existing regulatory instruments to promote transitioning to circular business models for waste management in line with the proposed framework.

### Antecedents to consumer willingness to share information with retailers

The sharing of consumer information with retailers is a complex issue. Consumers often express concerns about privacy when exchanging personal information with retailers. Although consumer information exchange has been studied, factors beyond privacy and trust that influence consumers' willingness to share personal information remain understudied. In this study, consumers' reasoning about their willingness to share information with retailers, across online and physical channels, was first mapped to identify consumer decision-making antecedents to willingness to share information with retailers, and then modelled. The results revealed that antecedents of consumers' willingness to share information include more than trust and privacy. The findings suggest that consumer willingness to share information is on a continuum and, based on consumer-perceived value of the information exchange, may change. It was concluded that co-creative consumer information exchange could create mutual value for consumers and retailers alike.

### A Fourth Industrial Revolution integrated intelligence taxonomy and measurement framework for top management

The Fourth Industrial Revolution (4IR) is characterised by exponential technological progress. Leadership and management practice, however, lags in its advancement of theory and practice comparable to the exponential advancement of the 4IR. This study set out to understand how organisational leaders should prepare themselves to navigate the realities associated with the 4IR. The results showed that the proposed measurement approach adequately meets all the technical research requirements and that the emerging model can be accepted as a foundational theoretical framework for measuring top management's readiness to manage 4IR trends. The study produced a 4IR integrated intelligence measurement diagnostic for top management to measure their cognitive disposition in relation to navigating the 4IR.

### Economic valuation and geographical settlement analysis of protected areas: Cases of Kafue and South Luangwa National Parks

This study sought to contribute to the economic valuation and management of Zambia's protected areas. This was done by estimating the economic multipliers for the tourism-related sectors of two national parks. The tourism-related multipliers were estimated by downscaling Zambia's national input-output tables in an innovative manner. The multipliers enabled an estimation of the total economic impact of tourism on the local economy, inclusive of all leakages. This study facilitates a new understanding of the influence of the geographies of settlements around the national parks and will enhance policymaking towards reducing the human-animal conflict and increase the local benefits derived from national parks.

## CHANCELLOR'S AWARD | KANSELIERSTOEKENNING

### Responsibility Centre: Chief Operating Officer Verantwoordelikheidssentrum: Uitvoerende Bedryfshoof

#### Doris Peters

In her time at Stellenbosch University (SU), Ms Peters has been involved in patent and trade mark registrations and fulfilled a crucial role in the University's start-up and spin-out company successes, with SU's Technology Transfer Office (TTO) managing the largest number of spin-out companies on the African continent. She identified a critical need for spin-out establishing processes for SU's Group of Companies and subsequently established a formal unit to address this issue. Ms Peters also created and presented a Southern African Research and Innovation Managers Association training programme for TTO professionals, played a pivotal role in the establishment of the SU LaunchLab and serves as company secretary for numerous SU spin-out companies. She was awarded an American Association of University Technology Managers Scholarship for New TTO Professionals from Developing Economies. In 2020, she was recognised as a Registered Technology Transfer Professional with the global Alliance of Technology Transfer Professionals, which is the international standard for professional technology transfer competence and experience.

Gedurende me Peters se loopbaan by die Universiteit Stellenbosch (US) was sy nou betrokke by patent- en handelsmerkregistrasies. Sy speel 'n deurslaggewende rol in die suksesse van die Universiteit se nuwe en afwентelmaatskappye as deel van die US se Tegnologie-oordragkantoor, wat die grootste hoeveelheid afwentelmaatskappye op die Afrika-kontinent bestuur. Me Peters het 'n kritieke behoefté geïdentifiseer aan vestigingsprosesse vir afwentelmaatskappye vir die US se Groep van Maatskappye en het daarna 'n formele eenheid hiervoor gestig. Me Peters het ook 'n Southern African Research and Innovation Managers Association-opleidingsprogram vir tegnologie-oordragkundigheid geskep en aangebied, 'n deurslaggewende rol gespeel in die totstandkoming van die US se LaunchLab en dien as maatskappysekretaris vir talle US-afwentelmaatskappye. Sy is bekroon met 'n American Association of University Technology Managers-beurs vir nuwe tegnologie-oordragkundiges uit ontwikkelende ekonomiese. In 2020 is sy as 'n Geregistreerde Tegnologie-oordragkundige deur die globale Alliance of Technology Transfer Professionals erken, wat die internasionale standaard is vir professionele tegnologie-oordragbekwaamheid en -ondervinding.

#### The leadership practices of non-traditional school principals

This study examined the non-traditional leadership practices of principals in a subset of schools in South Africa that share the same history, traditions, culture and privileges as former white English institutions. By observing and interviewing four principals in their working contexts over time and carefully documenting their leadership practices, the study was able to generate qualitative themes that speak to issues of compassion, empathy, connectedness, humility and vulnerability. The study contrasts traditional leadership practices (authority, hierarchy, control, etc.) with non-traditional practices, the latter interpreted through the lens of an emergent conceptual frame of nearness leadership that markedly resets the relationship between leaders and followers.

#### Towards knower awareness in chemistry and chemistry education

'Knower awareness' and its significance in chemistry practice and education are made visible in this study using a critical realist theoretical foundation. Critical realism enables an ontological view of practices that encompass the objectivity of scientific knowledge, the subjectivity of agents and the causal mechanisms underpinning phenomena and practices. The study facilitates a view from the ground (chemistry educators and students in the classroom) – an internal causal mechanism view that allows for the distinction between chemistry as science and chemistry as technology, and an external view of the value of diversity in training and identity for the practice of chemistry.

#### Deliberative democratic theory in relation to private General and Further Education and Training

This study entailed a critical-historical evaluation of deliberative democratic engagement concerning private General Further Education and Training (GFET) in South Africa. Education policy implementation negatively impacted the development of an equitable, quality basic education system. To address the inadequacies in policy formation and implementation in contemporary GFET, a contextually appropriate form of deliberative democracy is required that considers the complexity of our history and embraces the rich cultural diversity that makes South Africa unique. It is recommended that a form of deliberative democracy commensurate with *ubuntu* can cultivate communities of trust and care in the pursuit of plausible basic education.

#### Die opvoedkundige navigasiepraktyke van leerders in 'n landelike plaaskonteks in beleerde omstandighede

Hierdie studie het 'n ondersoek na die opvoedkundige navigasiepraktyke van vyf laerskoolleerders in 'n Stellenbosse landelike plaaskonteks behels. Die fokus was op die leerders se kulturele en opvoedkundige hulpbronne, veral hoe hulle hul opvoedkundige paaie bou te middel van hul verarmde gesin – en in 'n plaaskonteks en in hul skole. Die leerders het getoon dat hulle aktiewe bemiddelaars van hul kontekste was. Die studie voer aan dat die leerders die vermoë getoon het om 'n opvoedkundige pad in hul beleerde omstandighede vir hulself te baan.

**A professional development framework for teaching Mathematics meaningfully with technology in Namibian secondary schools: A design-based study**

This study designed a professional development framework for teaching Mathematics meaningfully with technology in Namibian secondary schools through three research design stages. The findings revealed that current frameworks have no actionable guidelines for professional development and neglect the ethical dimension of professional development to teach Mathematics with technology in a developing country such as Namibia. The study recommends that professional developers consider themselves engaged with the complete activity systems of Mathematics teachers to ensure sustainability and that professional development should share the responsibility for the ethics of governmental demands to teach Mathematics with technology and influence curriculum development towards meaningful learning and teaching of Mathematics that develop and change as professional developers and teachers work together.

**'n Poging om die loopbaanvoortsigte van leerders by 'n VOO- landelike skool te verbeter: 'n Deelnemende aksienavorsingsbenadering**

Hierdie studie het 'n ondersoek behels na 'n deelnemende aksienavorsingsprojek wat deur 'n onderwyser-navorser onderneem is om die loopbaanvoortsigte van leerders by 'n landelike skool te verbeter. Die studie was 'n kritiese ondersoek wat gekenmerk is deur demokratiese prosesse en beginsels van bemagtiging en samewerking, wat die grondliggende eienskappe van deelnemende aksienavorsing beliggaam. Dit is uitgevoer met die doel om transformasie teweeg te bring deur die beperkende faktore wat positiewe verandering ondermyн bloot te stel en sodoende die leer- en onderrigpraktyke verbonde aan beroepsvoortetting in die landelike skoolopset te verbeter. Die studie beveel aan dat daar nouer samewerking tussen die skool en die gemeenskap moet wees en dat klaskamerpraktyk meer samewerkend van aard moet word sodat leerders groter deelname kan hê.

**An analysis of critical thinking skills and democratic citizenship education in the South African higher education system and its implications for teaching and learning**

This study determined the extent to which critical thinking (CT) skills are being developed in higher education accounting programmes accredited by the South African Institute of Chartered Accountants. It evaluated whether cultivating notions of democratic citizenship education would enhance the development of CT skills in students. Overall, pedagogical activities were regarded as less indicative of CT. This is due mostly to a focus on high-stakes assessment, instructional teaching and limited pedagogical expertise of chartered accounting academics. Alternative assessment practices, the adoption of problem-based learning and pedagogical training for chartered accounting academics are ways to address a lack of CT.

**Democratic citizenship education in South African schools: Teachers' practices and perspectives**

This study explored eight Life Orientation teachers' conceptualisation and implementation of democratic citizenship education. Using the notion of sense making, the study identified a gap between how curriculum policy articulates the values and strategies of democratic citizenship education and these teachers' interpretations and enactment of these ideas. The study shows how teachers are constrained or enabled by their situational context and the ways in which they take initiative to navigate these contexts. The findings will help to develop a better understanding of the teacher (self), the profession and the practice for the realisation of democratic citizenship education in schools in South Africa.

## National anthem | Nasionale volkslied

Nkosi Sikelel' iAfrika  
Maluphakanyiswa' uphondo lwayo,  
Yizwa imithandazo yethu,  
Nkosi sikelela, thina lusapho lwayo

Morena boloka setjhaba sa heso,  
O fedise dintwa le matshwenyeho,  
O se boloke, O se boloke setjhaba sa heso,  
Setjhaba sa South Afrika - South Afrika.

Uit die blou van onse hemel,  
Uit die diepte van ons see,  
Oor ons ewige gebergtes,  
Waar die kranse antwoord gee,

Sounds the call to come together,  
And united we shall stand,  
Let us live and strive for freedom,  
In South Africa our land.

### Stellenbosch University Alumni

Graduating from university is a big step in your life's journey. Once you have obtained your degree, you form part of the alumni community and Stellenbosch University remains your intellectual home. The Alumni Relations Office believes the success of a university depends greatly on the participation of its alumni, therefore we strive to keep you connected to your alma mater long after the euphoria of obtaining your qualification/s has died down.

---

Om van 'n universiteit te graduere is 'n groot stap in enigeen se lewensreis. Sodra jy jou graad verwerf het, vorm jy deel van die alumni-gemeenskap van jou universiteit en bly die Universiteit Stellenbosch jou intellektuele tuiste. Die Alumni-kantoor streef daarna om alumni met hul almal mater in verbinding te hou nog lank nadat die euforie van graadvang verby is.
