

Areas of Ukwanda Centre for Rural Health, Rural Clinical School student placement for clinical training and some of the needs identified.
Specific ideas as to Faculty involvement will need to be established on site, this is just a guideline regarding activities on the platform and community partners related to the RCS.

Disclaimer: Please note that a formal needs analysis for issues outside of Health Care have not been done at these sites. All of the listed sites are current community partners and we would appreciate if you contact us so we can facilitate a meeting between you and the organisation to establish the need. email: icouper@sun.ac.za
