ADMINISTRATIVE SERVICE PROVISION TO STUDENTS

COVID-19 has an immense impact on the world, the country and Stellenbosch University. It is up to every one of us to play our part to ensure that the spread of the virus is limited as much as possible. As this unprecedented situation continues to develop, the safety of staff and students remains our top concern.

All student-facing administrative services are now being conducted remotely.

We advise students to utilise our 24/7 digital solutions via the student portal and to make use of the below communication and service channels to limit human interaction.

We are continually monitoring what is happening locally and around the world and will release any updates as the situation develops.
