THE STUDENT ELECTORAL COMMISSION 2022

ANNOUNCEMENT

Student Leadership Elections

Dear Maties

Larry J. Sabato reminds us that every election is determined by the people who show up; for leadership is the art of the possible, the attainable and the art of the next best.

The time to elect our new student leaders has arrived and the election for the Student Representative Council, amongst others, will take place in the third academic term. It is with great ardour that we announce that the opportunity for prospective candidates to avail themselves is now.

INTRODUCING THE ELECTORAL COMMISSION

The Student Electoral Commission is an independent body that safeguards free and fair elections across Stellenbosch University student leadership structures. The Electoral Commission does this through its partnership with the Division for Student Affairs who facilitate the elections of all student leadership bodies.

The Electoral Commission has the responsibility and power to monitor, audit, oversee and investigate complaints relating to the elections of the Academic Affairs Council, the Prim Committee, the Senior Prim Committee, the Societies Council, the Tygerberg Student Council, Faculty Student Committees, House Committees, Society Executive Committees, and the constituent bodies of the Tygerberg Student Council, and to intervene in those elections should any irregularities be discovered.

SRC NOMINATIONS

Nominations for SRC candidature are open, any registered student may nominate themself or any other registered student. The Nomination forms can be found on the Electoral Commission website (click here). The eligibility criteria required, documentation and rules for the election period may be found on the nomination form.

Please note that an electronic copy of the nomination form and all other required documents must be emailed to srcelection@sun.ac.za by 20 July 2022, at 23:59 with the following email subject: [SRC Nomination: Name, Surname].

Enquires relating to the SRC election may be sent to srcelection@sun.ac.za

LATE NOMINATIONS WILL NOT BE ACCEPTED.

STUDENT LEADERSHIP ELECTIONS

Student leadership opportunities for the Academic Affairs Council, the Prim Committee, the Senior Prim Committee, the Societies Council, the Tygerberg Student Council, Faculty Student Committees, House Committees, Society Executive Committees, and the constituent bodies of the Tygerberg Student Council, will also be opened soon. Students are encouraged to avail themselves to serve in the various roles that arise.

The Electoral Commission has the responsibility to establish election regulations which, in addition to the Student Electoral Act, serve as the regulatory framework that all election committees/convenors must adhere to.

The Electoral Commission promulgated the **Student Leadership Election Regulations (Resolution No. 28, 2022)** and declared that they shall have effect from Monday, 20 June 2022. In terms of the Student Court advisory opinion of 01 April 2022, these regulations are binding and may only be set aside by an order of the Student Court.

The Electoral Commission encourages students to approach the Electoral Commission if they have any substantial election complaints which have not been satisfactorily resolved by the election committee/convenor of the structure concerned. Complaints forms can be found on the Electoral Commission website.

CONCLUSION

The preamble of the Student Constitution informs us that all students have a responsibility to participate in the structures that represent the interests of students. There can be no doubt that participating in elections is the primary means through which every student secures that they fulfil this responsibility.

Please follow us on our social media platforms and consult the Electoral Commission's website for more information on the upcoming elections.
