

3.1.14 BComHons (Transport Economics)

Admission requirements

- A BCom or another bachelor's degree that has been approved by Senate for the purpose; *and*
- Transport Economics at third-year level with an average final mark of at least 60%.

Selection

The number of students selected can be influenced by, for example, staff capacity and the availability of resources within the Department, as well as academic merit and University transformation objectives. As staff capacity and resources can fluctuate from year to year, the number of students selected can also differ from year to year.

Selection is done primarily on the student's performance in terms of the average percentage achieved for Transport Economics 314 and 348, as well as their overall performance. The Department also considers research potential as displayed in Transport Economics 348, as well as the applicant's motivation in wanting to pursue postgraduate studies in Transport Economics.

Honours applicants from other universities must, upon request from the Department of Logistics, submit a one-page biography (brief curriculum vitae), proposed research topic and motivational cover letter.

Application procedure and closing date

Apply at www.sun.ac.za/pgstudies. For South African applicants, the closing date is **31 October** of the year before your intended studies, and for international applicants, it is **30 September**.

Duration, offering type and starting date of programme

Duration: One year, full-time.

Starting date: One week before the other classes at the University begin.

Programme's mode of delivery

Fully contact (face-to-face).
