

4.1.2 MCom (Business Management)

Admission requirements

- BComHons or another honours degree with Business Management as major.
- The successful completion of an approved research methodology course.
- The presentation and acceptance of a research proposal that meets acceptable scientific standards and is deemed executable by the departmental admission committee.

Selection

The number of students selected can be influenced by, for example, staff capacity and the availability of resources within the Department, as well as academic merit and University transformation objectives. As staff capacity and resources can fluctuate from year to year, the number of students selected can also differ from year to year.

Should the number of applicants that meet the admission requirements exceed the available capacity of the Department, the following criteria will be used by the departmental admission committee to finalise the list of selected applicants:

- The choice of a field of study or topic in which adequate expertise and capacity exists in the Department of Business Management to be able to offer supervision.
- The demonstrated capability (academic experience and skills) of the candidate to successfully complete a postgraduate study, as assessed by the departmental admission committee.
