

2024 MARCH GRADUATION INFORMATION

Disclaimer

The initial graduation notice is sent to all undergraduate final year students, and postgraduate students irrespective of whether they will graduate at one of the March 2024 graduation ceremonies or not.

Receiving this information can thus not be regarded as proof of obtaining a qualification, as the communication is distributed and published for information purposes before it is known which students will graduate at the respective ceremonies.

Qualifying graduands will receive an e-mail notification regarding graduation on Tuesday, 12 March 2024. Programme and graduate name lists will be uploaded from Friday, 22 March 2024 onwards. Students must fulfil all requirements for the respective certificate, diploma, or degree, in order to graduate.
